VOL. 51—No. 252 JACKSONVILLE, ILLINOIS, TUESDAY MORNING, OCT. 23, 1917 TEN PAGES—THREE CENTS.

REPORTS ALL MINERS ARE RESUMING WORK

Indiana, Ohio and Illinois Men Back in Mines

Fuel Administrator Garfield Sees Downward Tendency in Retail Prices—Chicago Coal Famine Not Borne Out by Official Information.

Washington. Oct. 22.—Fuel Administrator Garfield announced today that all coal miners have resumed work in Indiana, practically all in Ohio and all miners are resuming work in Illinois. He said that reports from all sections indicate a gratifying tendency downward in retail coal prices.

A telegram summarizing the middlewest strike situation was received by Dr. Garfield from John P White, president of the United Mine Workers of America. The strike situation in the southwest is unchanged so far as the government is advised, the men there holding out under advice of their leaders on account of the operators' penalty against strikers.

Dr. Garfield in a statement on retail prices said reductions have been reported from Harrisburg and Philadelphia, Pa. New York city prices have been reduced from ten to forty cents a ton and lower prices were noted in Wilmington, Del., and in Alabama at Birhingham, Huntsville and other towns have been reduced from 25cents to $1.25 per ton.

Dr. Garfield said that reports of a coal famine in Chicago were not borne out by official information and that seventy coal dealers in Chicago received 252,721 tons more of bituminous and anthracite coal between April 1, 1917 and Oct. 1, than during the same period of 1916.

The increase in anthracite along was 79,706 tons.

Chicago's stock on hand Oct. 1, according to 63 dealers' reports to the trade commission was 160,414 tons, while their total amount of unfilled orders was only for 50,062. The 63 dealers had on hand 192,916 tons on Oct. 1 last year.

At the offices of the administration today it was stated that investigation had dislcolsed a dozen cases of hoarding by industrial concerns in the middle west.

To Take Action Against "Disturbers"

Springfield, Ill., Oct. 22.—Letters and telegrams demanding the expulsion from the miners' organization of men "who have assumed leadership and incited the stoppages of work" came into his office so rapidly today, according to Frank Farrington, president of the Illinois Miners' organization that steps will be taken he said, to file charges against the "disturbers."

Reports received by Mr. Farrington indicated, it was stated tonight that the strike of last week for higher wages is broken, with practically all mines at work.

Miners' locals in Franklin county, where mines were shutdown today, voted, it was stated, to return to work except three which are said to be in "rebellion." President Farrington did not make known what action would be taken against these three locals in view of his threat of last week to revoke charters where miners were still out today.

With reference to the "disturbers" Mr. Farrington said:

"We have the names of many of the leaders and we propose to expel them from the organization just as soon as we can get around to it. Moreover we have the assurance that we will have the support of the overwhelming majority of the membership when we do so.

"The men now see that the efficiency of their union is being destroyed and its integrity defamed by such action on the part of disturbers and we propose to go the full limit to protect the conservative element in the organization who are willing to respect its laws and to protect the good name of the United Mine Workers of America."

120,000,000 SUITS OF UNDERWEAR FOR SAMMIES

WASHINGTON, Oct. 22.—Plans to produce and sell to the government without profit approximately 120,000,000 suits of undearwear annually or enough to supply each soldier in the Allied armies with four sets of light and four of heavy garments each year, have been worked out by Louis Steinfeld, of New York and probably will be laid before government officials for consideration in a day or two.

Mr. Steinfeld has been organizing into a single corporation about forty yarn spinning and knitting mills having a combined annual output of ten million dozen suits of knitted underwear.

The parent corporation to be known as the American knit goods corporation, include many large mills in the east and south.

BALL PLAYER IN AUTO WRECK.

Galesburg, Ill., Oct. 22.—Forest Cady, a catcher for the Boston club of the American League, was slightly injured in an automobile accident today. Milford Lundberg of Bishop Hill, was killed and Mrs. Lundberg and Mrs. Cady escaped with bruises. All were in an automobile driven by Cady which crashed into a horse and buggy. The automobile rolled over.

GOVERNOR'S DAUGHTER LEAVES HOSPITAL

Chicago, Oct. 22.—Miss Florence Lowden, daughter of Goverhor Lowden, who was operated on for appendicitis several weeks ago, left the hospital today and later, accompanied by her mother, took a train for Springfield. Miss Lowden who is seventeen years of age, said she was feeling "fine."

PASTOR RESIGNS TO ENTER MILITARY SERVICE

ELGIN, Ill., Oct. 22.—Rev. John F. Bushnell has resigned as pastor of the First Congregational church, Dundee, to enter active military service.

Although all clergymen are exempt as a class Rev. Bushnell yesterday told his congregation he is convinced his pastorate can be filled by another who might not be able to enter active service.

Rev. Bushnell, who is 30 years of age, expects to enlist in the aviation corps.

DO NOT EXPECT WINTER TO HALT ALLIED DRIVE

Believe Allies Will Continue Forcing Germans Backward

Secretary Baker in Weekly Review States That the Men Composing U. S. Expeditionary Forces are in Splendid Fighting Trim.

Washington, Oct. 22.—Military experts here do not expect winter to halt the great allied drive against the Germans in Flanders. Secretary Baker's weekly review of war operations issued tonight discloses the belief of the war department that potency of material and men will enable the British and French commands to continue forcing the enemy backward without waiting for spring.

The review says the week just closed has been relatively quiet on all fronts. It touches for the first time on the American expeditionary forces in France, declaring the men, after three months intensie training are in efficient fighting trim and splendid physical condition.

In dwelling on the importance of the battle of Flanders and its effect upon the morale of the Germans the war secretary declares it apparent that the German high command planned the recent expedition against the Russians in the Riga sector in order to bolster up morale and meeting impending internal difficulties. By extending lines in the east he adds, Germany has merely added to the length of her line of communications and increased confidence in the final allied victory. The terrible punishment by allied artillery fire is beginning to have a very decided effect along the western front, says Secretary Baker. "Never have so many German divisions, after brief encounters, been withdrawn and replaced by fresh troops. Deserters from German ranks taken into the allied lines have become increasingly numerous.

"Rumors of an impending Austrian offensive directed against Italy have been current during the past week. Reports of concentration of Austrian and German divisions to take part in this attack are noted. Anyone familiar with the situation can at once determine that these rumors are exaggerated. Even should the season permit it, the concentration of the number of fresh enemy divisions estimated as high as forty could not, as a physical possibility, take place in the narrow Tretino Valley, fed by a single railway system.

"However, it is possible that the central powers, fearing further Italian successes along the Isonzo front have massed a considerable number of troops in an effort to check the Italian advance and if possible regain some of the terrain lost during recent engagements.

"An interesting summary of troop movements in the United States shows that since the present mobilization began 914,195 persons have been transported by the railroads for the war department of whom 256,815 were transported in standard or tourist sleepers, the remainder in ordinary day coaches. This vast movement has been conducted by the railways of the country without a single serious accident and co-operation between the railroads and the department has been most cordial and effective."

KAISER PLEASED WITH SEVENTH WAR LOAN

AMSTERDAM, Oct. 22.—Emperor William has sent to Count Von Roedern, the German finance minister, a telegram of congratulation on the seventh war loan. It says:

"I am pleased at the splendid result of the subscriptions to the seventh war loan and express to all concerned hearty thanks and congratulations for the successful work. Full of vigor and with a fixed aim before the eyes of the world, the whole German people stands in the fourth year of the war at the side of its heroic sons in the field and behind the imperial government and the army command, ready for sacrifices of blood and treasure until the honor and freedom of the fatherland is assured against the assault of its enemies in superior force.

"May God bless all fo rtheir fidelity and self-sacrifice by the happy advantage of our peace."

TWO HUNDRED OUT OF WORK BY FIRE

LINCOLN, Ill., Oct. 22.—Two hundred coal miners were thrown out of work here today when fire was discovered in the south shaft of the Lincoln mining company.

The mine mouth was sealed and will not be opened for a month or six weeks.

No one was injured.

MUNITIONS FACTORIES MOVED.

London, Oct. 22.—All important works dealing with munitions have been removed from Petrograd, according to a despatch to the Times from the Russian capital. German Zeppelins, it adds, are attacking towns some distance from the fighting front.

Telegraph Notes

Davenport, Ia., Oct. 22.—A party of French army officers headed by Captain LeMoine inspected the United States Arsenal at Rock Island today.

Paris, Oct. 22.—The cabinet resigned today. President Poincare, however, refused to accept the resignation on the ground that the chamber on Friday had voted confidence in the ministry.

Chicago, Oct. 22.—More than 600 delegates from the seventy subordinate commanderies in Illinois are attending the sixty first conclave of the Grand Commandery of the Knights Templar of Illinois, which began here today. Officers will be elected tomorrow.

Tacoma, Wn., Oct. 22.—The black powder cording mill of the DuPont Powder Works, twenty miles south of Tacoma, blew up early tonight. All of the employes were outside the building at the time and no one was injured. The cause of the explosion is unknown.

San Antonio, Tex., Oct. 22.—Private Jim Jordan today ceased to be the whole first battalion of negro troops at Camp Travis. Sixty four negroes arrived from Des Moines, Ia., and were assigned to the battalion of which, since early last week, Jordan has been the sole member.

El Paso, Texas, Oct. 22.—Mexican bandits and federal troops Friday fought for four hours at El Valle (San Buenaventura) 150 miles south of the border, a message received here today reported. The bandits were driven south after being defeated.

Chicago, Oct. 22.—Five thousand and eight names were added to the membership rolls of the central department of the Y. M. C. A., as a result of a membership campaign which began on Oct. 19 and closed tonight. The goal of the drive was 5,000. Total membership of the department is now more than 22,000.

Washington, Oct. 22.—Charles S. Nesbit Superintendent of the District of Columbia, has been designated by Secretary McAdoo as commissioner of insurance in the government's war risk insurance bureau. Mr. Nesbit, under the direction of the treasury, will have charge of the soldiers' and sailors' war insurance administration.

Springfield, Ill., Oct. 22.—Incumbent officers of the Illinois division of the United Mine Workers of America lead all candidates in the annual nomination race by wide margins as indicated in the official ballot given out here tonight. Nominations were made by referendum, and the election, the second Tuesday in Dcember, will be conducted in the same way.

Washington, Oct. 22.—Ban Johnson, president of the American League here today offered his services to the government for the war, announced that the league would subscribe to $100,000 of the second liberty loan offering.

Adjutant General McCain with whom Mr. Johnson conferred placed his application for service on file with a promise to call upon him if an opportunity offered. Mr. Johnson who was accompanied by Ed Barrows, president of the International League, left late today for Chicago.

STRIKE ARBITRATION IS COMPULSORY

Sir Stephenson Kent Asserts Plan Leads to Better Feeling Between Capital and Labor.

Chicago, Oct. 22.—Great Britain's success in meeting the extra-ordinary demands made on her by the war is due to compulsory arbitration of strikes, leading to a better feeling between capital and labor, according to Sir Stephenson Kent of the British munitions mission now in Chicago for a few days' stay. Others of the mission are Captain Herbert Asquith, son of the former Premier; H. W. Carrod and G. H. Baillie.

Lord Northcliffe, head of the British war mission to the United States and several members of the mission will arrive here for a short stay tomorrow morning. The party is making a tour of inspection of munitions and other war materials factories, and in public addresses is emphasizing the need of food conservation.

ORDER RECALLED WITHIN FEW HOURS

Treasury Department Changes Instructions to Customs Collectors

Washington, Oct. 22.—Instructions to all customs collectors thruout the country to admit to entry distilled spirits produced abroad prior to Oct. 3 last, "either for beverage purposes or for other than beverage purposes "were made public and recalled within the space of a few hours today by the treasury department.

The issuance of the instructions which were sent out by Assistant Secretary Rowe last Saturday was based upon an interpretation of the food and revenue laws given by Lawrence Becker, solicitor of the treasury department, an official of the department of justice. Mr. Becker ruled that the revenue law approved Oct. 3, repealed provisions of the previously enacted food control law which flatly prohibited the importation of any distilled spirits. Now the question has been placed before the attorney general himself for a decision, and in the meantime the food law prohibition remains in effect.

IDENTITY OF AMERICAN DESTROYER ESTABLISHED

U. S. S. Cassin Was Ship Engaged With German U-Boat

Official Announcement Received In Washington Monday Relates Coolness and Bravery of U. S. Officers and Men.

Washington. Oct. 22.—It was officially announced today that the American destroyer which had an engagement in tne war zone with a German submarine Oct. 16 and got to port under her own steam after being damaged, was the U. S. S. Cassin. Gunners mate Osmond Kelly Ingram, Pratt City, Ala., was blown overboard. His body was not recoveretd.

The Cassin was commanded by Commander W .N. Vernou, executive officer, Lieutenant J. W. MacLaran; Junior Officers Lieutenant J. A. Saunders, Lieutenant L. R. Agrell, Lieutenant L. R. Parkinson and Assistant Surgeon D. W. Queen.

Quick Action Saves Vessel.

While the vessel was on her patrol station a submarine was sighted on the surface about five miles distant. The destroyer immediately started at fullspeed toward the U-boat with her crew at battle stations. After searching the area for about half an hour zig-zagging back and forth Commander Vernou sighted a torpedorunning at high speed near the surface about 400 yards away headed to strike the Cassin amidship. He rang for emergency full speed on both engines put the rudder hard over and was just clear of the torpedo's course when it broached on the surface turned sharply towards the vessel and struck the stern of the Cassin disabling one engine. The destroyer remained underway and continued searching for the submarine. About an hour the U-boat exposed its coning tower long enough for the Cassin to fire four shots. Two fell so close to the submarine that it was forced to submerge immediately and was not seen again. The Cassin continued the search until dark and then proceeded to port after being joined by other British and American patrol boats.

Vice-Admiral Sims in his report states that the behavior of the officers and the entire crew was admirable, commends the British navy for the prompt and efficient assistance rendered the Cassin, gives special credit to Commander Vernou for his vigilance and prompt action which probably saved the Cassin from total loss and Lieutenants MacLaren, Saunders ano Parkinson for their ingenuity in effecting temporary repairs and for their coolness and efficient work.

ELEVENTH HOUR SALES MAY BRING TOTAL UP

Maximum Quota of Liberty Loan Not Apt To Be Achieved

Liberty Day Expected to Do Much Toward Bringing Goal Nearer—Avalanche of Dollars Needed.

Washington, Oct. 22.—Treasury officials announced tonight that reports reaching the department of liberty loan subscriptions thruout the nation today were not of a character to "warrant confidence that the $5,000,000,000 maximum quota desired, will be achieved."

Virtually on the eve of the campaign's finish, it appears that the total will fall short of the huge sum set as the country's goal. Only an avalanche of dollars can bring the lists up to the full maximum quota.

Liberty Day officials assert will do much toward bringing the goal nearer, but Liberty Day will not do it all. The remaining three and one-half days, they assert must be days of the most strenuous endeavor and big results if the total runs to $5,000,000,000.

"Optimism is being expressed by many," the announcement says, "in the belief that liberty day and the eleventh hour sales will carry the total across the maximum quota mark.

"Official totals, showing sales reported to the federal reserve banks up to the close of business October 20 and the percentages of various districts based on their assigned shares of the $5,000,000,000 maximum quota attained thus far follows:

District	Subscribtions	Pct.
New York	$568,336,000	37.9
Boston	169,300,000	33.8
Cleveland	160,250,000	32.0
Minneapolis ...	50,500,000	28.8
Richmond	53,672,000	26.8
Chicago	161,839,000	23.1
St. Louis	36,506,250	18.3
San Francisco ..	60,442,650	17.3
Dallas	13,041,000	14.3
Atlanta	11,717,000	9.4
Philadelphia ..	37,314,000	9.0
Kansas City ...	15,887,000	7.9

General percentage for all districts 26.8.

SUBMARINES OBSERVED IN GULF OF FINLAND.

Petrograd, Oct. 22.—German submarines have been observed in the Gulf of Finland the war office announces.

Russian patrols watching the Gulf of Riga saw large enemy forces, and also transports.

NAME OF DAMAGED DESTROYER ANNOUNCED.

Washington, Oct. 22.—It was officially announced today that the American destroyer which had an engagement in the war zone with a German submarine, and got to port under her own steam after being damaged, was the U. S. S. Cassin.

War News Summarized

The British and French forces in Belgium have delivered another attack against the German front northeast of Ypres and have captured all their objectives, consisting of many strong positions. The offensive was launched southeast of Poelcapelle and northward along the southern border of the Houtholst forest. The fighting front covered a distance of about a mile and a half with the French operating on the northen and the British on the southern end. Near Poelcapelle the British drove on beyond their objectives and gained important ground. The French troops took the southern defense of the Houtholst forest and in addition a series of fortified farms.

The attack began, as has been customary, in the early hours of the morning, after a heavy bombardment of the German positions and apparently the allies met with only slight resistance. The gains of ground were quickly made and afterward there was only a feeble reaction by the German artillery.

The artillery duels between the French and Germans along the Verdun front continue, but the infantry of neither side has done anything more than carry on small raiding operations.

Likewise in the Austro-Italian theater and in Macedonia bombardments prevail almost exclusively, altho in the latter region the British and French troops daily are carrying out successful raids into enemy territory.

The Russian Gulf of Riga fleet, which last week apparently was bottled up in Moon sound by the German naval forces, has made its way out of the sound and now is guarding the northern entrance to the sound off Wormso island. The Russian vessels made their escape without further losses than the battleship Slava, which was sunk in a naval engagement last Wednesday, and two other vessels, presumably transports which went ashore. From its new position the fleet is so situated that it may make a dash for the gulf of Finland around the western Esthonia coast or, if menanced by attack from the greatly superior German units take refuge in the waters of Moon sound and play hide and seek with the enemy.

Meanwhile the Germans have landed forces on the Easthonia coast, pressed back the Russian right slightly and ocupied the western portion of the Werder peninsula. That a larger landing somewhere along this coast is in anticipation is indicated by statement in the Russion official communication that Russian patrol boats have seen in the vicinity of the Gulf of Riga, large enemy naval forces convoying transports. More than 1,200 additional prisoners were taken by the Germans in the conquest of Dago island where also large numbers of guns and quanities of war stores also fell into their hands.

38,000,000 MEN BEARING ARMS IN WAR

WASHINGTON, Oct. 12.—Ot least 38,000,000 men are bearing arms in the war—27,500,000 on the side of the world allies and 10,600,000 on the side of the central powers, according to latest war department compilations from published reports in various countries. These figures do not include naval personnel strength, which would raise the total several millions.

Against Germany's 7,000,000, Austria's 3,000,000, Turkey's 300,000 and Bulgaria's 300,000 are arrayed the following armed forces: Russia, 9,000,000; France 6,000,000; Great Britain, 5,000,000; Italy, 3,000,000; Japan, 1,400,000; United States, more than 1,000,000; China, 541,000; Rumania, 320,000; Serbia 300,000; Belgium, 300,000; Greece 300,000; Portugal, 200,000; Montenegro 40,000; Siam 36,000; Cuba 11,000, and Liberia 400. San Marino and Panama also have small forces under arms.

Military experts do not regard these figures as entirely accurate but believe they represent in round numbers the comparative strengths of the contending armies as published recently.

Germany and Austria have made efforts to conceal the precise numbers of their armies but careful estimates of allied military intelligence departments have placed the total at about ten million with Germany's force more than double Austria's.

JAPANESE STEAMSHIP BELIEVED LOST

TOKIO, Oct. 22.—The Japanese steamship Hitachi Maru, due at Delagoa Bay, Portuguese East Africa, October 1, is missing and is believed to have struck a mine with the loss of all on board. The number of passengers on board is not known, but Mr. Onai, London manager of the Nippon Yusen Kaisha owners of the vessel, was among them.

The Hitachi Maru, a vessel of 6,556 tons gross, sailed from Yokohoma for Liverpool on August 29. She touched at Colombo, Ceylon, on Sept. 24, but since then nothing has been heard from her.

WOMEN PICKETERS GIVEN JAIL SENTENCE

WASHINGTON, Oct. 22.—Alice Paul, chairman of the woman's party and Caroline Spencer, Colorado Springs, were sent to jail today to serve seven months for picketing the White House. In police court a thirty day's sentence for last Saturday's offense was added to the six months' sentence for a previous offense on October 4.

Six other pickets arrested two weeks ago and released without sentence, were summoned to appear as soon as possible for sentence.

FORMER PARDON BOARD MEMBER DEAD

SPRINGFIELD, Ill., Oct. 22. — E. A. Snively, former member of the Illinois pardon board, and for 18 years clerk of the Illinois supreme court, died suddenly of heart trouble at his home here early today. He was 72 years old.

Mr. Snively began his career as a newspaper man in Peoria. He was a member of the first pardon board appointed in 1897 and served until 1913. Before that he served as supreme court clerk.

DANIELS DEALS BOLDLY WITH SOCIAL EVIL

Secretary of Navy Addresses Clinical Congress of Surgeons

Speaker Appeals to Medical Profession "to End False Double Standard That Decreases Military Effectiveness."

Chicago, Oct. 22.—Dealing frankly and boldly with the social evil as a menace to the nation's military efficiency, Secretary Daniels of the navy in an address here tonight before the Clinical Congress of Surgeons of North America, appealed to the medical profession "to end the false double standard that decreases military effectiveness." The profession, he declared, must share its part of the blame for the "unpardonable prudery that endured a festering evil rather than have it exposed and eradicated."

"There is not an army in the field whose effectiveness is not reduced by reason of immoral disease," said Secretary Daniels. "The navy suffers likewise and business halts because veneral diseases destroy the manhood of workmen and fighters. During the last statistical year men of the American navy lost 141,378 days' sickness from a small group of absolutely preventable diseases, or rather diseases contracted by sin. This means that every day thruout the year there were 456 men disabled by this disgraceful malady. Add to that number those required to care for the disabled and we have enough men on the non-effective list each day to man a modern battleship. And this does hot count those who tho diseased were not disabled or the evil of the danger of contagion to the clean members of the craw.

"In the navy in 1915 there were admitted for treatment for veneral diseases 112 persons in every 1,000 and in the army 84 for every 1,000, the number in the army having decreased from 145 to the 1,000 after the passage of an act stopping the pay of all soldiers admitted for treatment for a veneral disease. The new navy law stops the pay of men so afflicted, and will probably reduce the number to the army ratio. But these figures show a condition of immorality upon the part of the minority in both arms of the service that challenges the thought of authorities.

"In civil life the number afflicted is quite as large proportionately as in the military service. It has been printed that Hecht of Vienna stated that at one time the equivalent of three entire Austrian divisions of 60,000 men was under treatment for venereal disease, while the army in Belgium, representing only a small part of the total German forces is reported during the first five months of its occupation to have furnished 35,000 such patients. Canadian and Australian officers have deplored the ravages of this disease. The late figures from the British army gave 78,000 cases and all other countries have also been weakened.

Diseases Worst Menace

"Sir William Osler places these infectious diseases at the top as a menace in war and in peace. The time has come to realize that this subtlest foe of humanity must be conquered, and it cannot be conquered by denying its existence, saying it is a necessary evil, or applying palliatives. It is deadlier than smallpox or cancer or tuberculosis. A Canadian authority says 'its ravages today are more terrible for Britain and Canada than Vimy Ridge, the Somme and Lens.'

Points Out Doctor's Influence

"The remedy? There is but one—continence. It must be preached in the home, in the school, in the marts of trade, in the pulpit and in military camps and among shipmates afloat. The eradication of the evil effects must be thoro, but the teacher who will be heard and heeded when the teachings of all others will fall on deaf ears is the word of authority from the medical profession. Young men expect ministers of the gospel to call them to clean living. The preacher seeks to save their souls and too many youths hardly realize they have a soul. But they know they have bodies and the doctor is the man to whom they trust the treatment of their bodies. When he preaches continence as the only rule of life to young men and points out the dire penalty for lapses, his words have a weight no other admonition possess.

"You, gentlemen of the medical profession, deal with life and death. You bring bodies into the world and you close the eyes of the dead. Yours is the ministering function, the intimate touch, and out of such relation you can enjoy an amazing power of suggestion. It is this power that America calls upon you to use. Tell our youths the truth. It is a duty laid upon you, not only by the moral law alone, but by the law of self-preservation that operates in nations as well as individuals That duty is imperative upon you now as never before. If you perform it and our young soldiers and sailors heed your wise counsel—and many of them will follow your teaching with lasting gratitude—you will

(Continued on Page Four.)

TO OPEN STATEWIDE CAMPAIGN FOR ROADS

Formal Opening at Bloomington Tomorrow

Meeting Held Under Auspices of the Highway Improvement Ass'n. Will Attract Gov. Lowden and Other State Officials.

Bloomington, Ill., Oct. 22.—The sounding of the slogan of pulling Illinois up out of the mud, will take place in this city Wednesday at the formal opening of the statewide campaign for a sixty million dollar roads bond issue.

The occasion will attract the attendance and support of the governor and many other state officials and is held under the auspices of the Illinois Highway Improvement association.

President Wilson has proclaimed Oct. 24 as "Liberty day" and the state highway association has selected this as the time for beginning of action toward freeing Illinois from its bondage of bad roads, which has hampered its progress for a half century. It will be emphasized at this initial meeting of the educational campaign for the election of 1918 that the passing of the bond issue will not create any new taxes, but will permit the state highway department to undertake a thoro, systematic plan of improvement by the use of the automobile license fees will be sufficient to meet the bonds as they mature.

It is proposed to begin in 1920, the construction of a system of 4,800 miles of permanent roads connecting every principal city, town and county seat in the state. The type of road to be built would be brick, concrete, or asphaltic concrete. It would be impossible to start before 1920 and by that time it is thought war conditions as to labor and material will not be present. The meeting proper will be preceded by a session on the previous evening of the board of directors of the state highway improvement association.

The convention proper will consist of sessions at nine in the morning, at one thirty in the afternoon and at six thirty in the evening, all will be held in the new high school.

Governor Lowden has accepted the invitation to be present and to speak in support of the state road bond proposition at two o'clock in the afternoon. Some of the other speakers will be President Edmund J. James of the University of Illinois; Judge Leslie D. Puteroaugh, director of public works and buildings; S. E. Bradt, superintendent of highways; Richard R. Meents, chairman of the house committee on roads and bridges; Congressman John A. Sterling of this district; Mrs. H. M. Dunlap of Savoy, wife of Senator Dunlap. The latter will speak for the women of Illinois. Lieutenant Governor Oglesby and Speaker Hay also have been invited.

At night a dinner will be given by the Bloomington association of commerce. The general arrangements are in charge of President William G. Edens of the State Highway Improvement association.

BRITISH DESTROYER SENT TO BOTTOM

LONDON, Oct. 22.—The British destroyer Mary Rose fought singlehanded against the German cruisers in the convoy section in the North Sea, according to a story ascribed to a British officer rescued off Bergen and transmitted by the Christiania correspondent of the Times. The other destroyer which should have been present never appeared and it is thought likely that it was destroyed at the beginning of the action.

After fighting heroically for half an hour the Mary Rose sank. Ten members of the crew were found clinging to buoys and were rescued.

The correspondent says that the reports of the butchery of the crews of the merchantmen pass description. Two women on one side waved a piece of white cloth which was perfectly visible. They were silenced by a volley from the German cruisers.

RE-TRIAL OF KELLY SET FOR NOV. 12

RED OAK, Ia., Oct. 22.—Re-trial of Rev. Lyn G. J. Kelly charged with the Villisca axe murders was set for Nov. 12 today by Judge J. B. Rockafellow. Judge O. D. Wheeler will hear the case. Judge Rockafellow vacated an order of Judge Boies granting a change of venue from Red Oak to Logan for the trial of Attorney General Havner, charged with oppressing the witness, Alice Willard, who was before the grand jury at the time of the indictment of Kelly. It has not yet been decided where the Havner case will be tried.

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Partly cloudy and much colder Tuesday with snow flurries in north, a hard freeze Tuesday night; Wednesday fair with rising temperature; fresh to strong northwest winds.

Temperatures.

The current, maximum and minimum temperatures as recorded for Monday were:

Instructions from Washington have been issued to all hotels and restaurants in Illinois that Tuesday of each week be a meatless day and Wednesday a wheatless day. Many private families have already had many meatless days, but we have not heard of any attempting the wheatless stunt.

IT WILL TAKE VOTES.

The assurance that the comprehensive bond issue to be submitted to the voters of Illinois in November, 1918, will not require increased taxation is not enough to carry the issue. It will take votes and good hard work.

Briefly the plan contemplates contemplates connecting every county seat in the state by a system of hard roads. The system will include 4,800 miles and cost sixty million dollars. The type of road will be either brick, concrete, or asphaltic concrete on a concrete base. Even if the bond issue carries the first shovelful of dirt will not be moved until 1920. Five years later, or in 1925, the promise is held out for a state highway system, the finest in the land.

Jacksonville and Morgan county will be represented at the state highway convention in Bloomington this week to imbibe ideas on road betterment. Just to the extent that their enthusiasm extends to the individual voters is the big bond issue likely to succeed or fail in this county.

RUSSIAN PEACE PROPOSALS.

Russian peace program as drawn up by the Central Executive Committee of the Council of Workmen's and Soldiers' Delegates in form of instruction to M. Skobeleff, ex-minister of labor, its delegate to the Paris conference, consists of twelve articles, covering the whole ground from Panama to Persia. Article 11 demands the "neutralization" of the Panama Canal, and article 9 calls for the restitution of all colonies to Germany.

The program of the Central Eecutive Committee follows:

"1. Evacuation by the Germans of Russia and autonomy of Poland, Lithuania and the Lettish provinces.

"2. Autonomy of Turkish Armenia.

"3. Solution of the Alsace-Lorraine question by a plebiscite, the voting being arranged by local civil authorities after the removal of all the troops of both belligerents.

"4. Restoration to Belgium of her ancient frontiers and compensation for her losses from an international fund.

"5. Restoration of Serbia and Montenegro with similar compensation. Serbia to have access to the Adriatic. Bosnia and Herzegovina to be autonomous.

"6. Disputed Balkan districts to receive provisional autonomy followed by a plebiscite.

"7. Rumania to be restored to old frontiers on condition that she grant Dobrudja autonomy and grant equal rights to Jews.

"8. Autonomy for the Italian provinces of Austria, to be followed by a plebiscite.

"9. Restitution of all colonies to Germany.

"10. Re-establishment of Greece and Peria.

"Neutralization of all straits leading to inner seas and also the Suez and Panama canals. Freedom of navigation for merchant ships. Abolition of the right to torpedo merchant ships in war time.

"12. All belligerents to renounce war contribution or indemnities in any form, but the money spent on the maintenance of prisoners and all contributions levied during the war be returned."

COAL PRODUCTION AND DELIVERY.

Notwithstanding the loss in some of the fields of the United States during August and early September, the coal production of this country for the year will be 10 per cent higher than in 1916 and 25 per cent higher than in 1915, according to the United States Geological Survey. The average daily production during the second week of July was 1,900,000 tons, the highest point ever attained. The lowest point during the summer was 1,638,000 tons a day, in the middle of August. The last week in September the daily production had reached 1,823,000, little short of the record. For the first eight months of the year the production of soft coal was 37,000,000 tons greater than for the corresponding period of 1916, while anthracite shipments showed a 16 per cent gain.

Demands from Canada, France and Italy partly account for the apparent shortage. Furthermore our own industries are being run at the highest pitch and are consequently consuming an unusual quantity of coal. In this city there has been almost a coal famine for some time. It is not only the scarcity of coal, but the condition of some of our streets is such that dealers could not deliver even if they had the coal.

DEMAND REMOVAL OF CHAPLAIN.

Rev. B. F. Chrisman, district superintendent of the St. Louis district of the M. E. church has made demand for the removal of Capt. Irving Goff McCann, pastor of the Old Orchard Congregational church, Webster Grove, from the chaplaincy of the First Illinois Infantry, of Secretary of War N. D. Baker.

Dr. Chrisman makes this demand on moral ground, following the published utterance of Capt. McCann in an address before an advertising club October 15: "If the clergymen preached the truth as they see it, nine out of ever ten of them would lose their jobs. They have to lie to hold their jobs."

In regard to his protest to Secretary Baker, Dr. Chrisman said: "If I had authority I would like to protest in behalf of the whole church, Protestant and Catholic."

The reason for which the removal of Capt. McCann is asked are stated by Dr. Chrisman in a letter to the secretary of war, as follows: "He should be removed because any man who would deliberately make such a statement is not worthy of the uniform of a United States soldier, much less the spiritual adviser of men wearing this uniform and facing grim death.

"He should be removed because this is a base slander of the entire membership and constituency of the whole Christian church, to which the immortal Washington and Lincoln paid such high tribute in the dark hours of our national struggle for independence and for the perpetuity of the republic. These Christian people are the brainiest, the most courageous, the most honorable, the noblest and the best people in our republic, yet this sycophant says, "A minister has to lie' to these people, who are the backbone of the republic, in order to be tolerated by them.

When you purchase Liberty Loan Bonds you do your country good, you do the cause of liberty and justice over the whole world good, you do yourself good, you do harm to the enemies of liberty and justice and civilization, and harm to the enemies of your country.

FINDING THE CHORD

"Say Mister will you buy a bond?" I heard a voice speak low
And turned to see a tiny child beneath the arc light's glow.
"My daddy's fighting over there where dreadful shells are hurled
And maybe you will take a part in helping save the world."

Down on her pleading face I gazed into her questioning eyes,
And then I seemed to read the thought of one 'neath foreign skies
Who faced the cannon and the gas, and streams of liquid fire,
And never hesitated once mid scenes appalling, dire,
But trusted us and Uncle Sam 'til wars forever cease,
To keep him there and help him too, to win a wide world peace,
And knew that he had left her here to go away to war,
To fight for you and me and all beneath Old Glory's stars;
And saw her picture that he kept in pocket in his vest,
That rose and fell with every breath and heartbeat in his breast,
And felt the lonliness he felt there in that distant spot
And how he longed to clasp his arms around that little tot.—

Was I ashamed that then I felt a choking, and tears rise,
And grabbed my handkerchief in haste that she not see my eyes;
And say what else think you I did? I took her by the hand
And swelled the loan for Liberty for her and Freedom's land.

—S. A. Hughes.

WHY THE LIBERTY LOAN INTEREST RATE WAS CHANGED.

The first issue of Liberty Loan bonds bears 3½ per cent interest and are exempt from all taxes of every kind except estate and inheritance taxes. Liberty Loan Bonds of the second issue bear 4 per cent interest and have the same tax exemptions as the first, except that they are liable to superincome taxes and excess-profits taxes, as well as estate and inheritance taxes. They are not subject to the normal income tax. The reasons for the change of interest and taxability are stated by Secretary McAdoo in his speech before the American Bankers' association as follows:

"We can not sell bonds in billions on the basis of what they may be worth to the very rich. They must be offered to all the people alike at one price and should appeal to all alike and upon equal terms. The result of selling a bond which bears a low rate of interest and carries exemption from graduated and superincome taxes will be this: The poor and the people of modest means will buy them for patriotic reasons but will be unable to hold them because the return is too small. The tendency will be all the time for these bonds to be purchased from them and accumulated by the very rich without any adequate consideration moving from them either to the United States or to the original subscriber. In these circumstances the value of the tax exemption depends not upon the bonds themselves but upon a wholly extraneous fact—the extent of the wealth of the holder.

"The principle is now firmly grounded in our national policy that graduated taxes shall be laid upon wealth in order that the burden of taxation may be equitably distributed and made to bear more heavily upon the rich than the poor. Government bonds, therefore, should be issued upon a basis which will be equally just to the poor man and the rich man, so that each may purchase these bonds upon practically the same interest basis after allowing for the different scales of taxation.

"The second issue of Liberty Loan Bonds are offered upon terms fair and equitable to all alike and will make the widest possible appeal to all the people without regard to the extraneous fact that the purchaser be poor or rich. The government can not finance this way by making an appeal alone to the rich, nor to the man of moderate means, nor to the poor. Its appeal must be to all of the people, and all of the people must respond and by united efforts sustain the government in its great credit operations."

THE ADMINISTRATION AND THE NEWSPAPER.

The Republican Publicity association, in a statement given out by its president, Jonathan Bourne, Jr., takes exception to the policy of Postmaster General Burleson, recently outlined, as intended to apply to newspaper and other publications. The statement follows:

"Postmaster General Burleson has recently outlined the policy he intends to pursue in the exercise of that arbitrary power which congress placed in his hands as administrator of press censorship. He is very vague in his declarations, but says that newspapers must not, for example, impute improper motives to the administration or say that the government is controlled by Wall Street.

"The administration should be no more free from proper criticism now than at any other time. If the administration be improperly influenced either by the capitalists of Wall Street or by the leaders of organized labor, the facts should be given publicity.

"From the standpoint of patriotism, law or morals there is no reason why this administration should be above criticism any more than any other administration.

"In the last campaign President Wilson ran upon a platform endorsed by Mr. Burleson, in which it was declared that under Republican administrations our foreign affairs were dominated by commercial interests for the selfish ends.

"It is no more improper today for a Republican to say that the administration is controlled by Wall Street than for President Wilson to declare that the Republican administrations were dominated by commercial interests for their selfish ends.

"If McKinley, Roosevelt and Taft were dominated by commercial interests the fact should be declared; if they were not, the statement was a gross deception practiced upon the American people."

Rippling Rhymes
By WALT MASON

AUTUMN WEATHER.

The nights are bleak and chilly, the wind has dismal note; fall weather gets my billy (the garden name for goat.) In summer I am healthy, as husky as can be; no ailments punk or stealthy are bringing grief to me. Existence then is sweeter, altho in heat I fry, the while I shoo the skeeter, and swat the noisome fly. But when the frost falls whitely upon the autumn wold, and wire-edged zephyrs nightly grow colder and more cold, I feel rheumatic twinges, I feel lumbago's shock, and all my joints and hinges are creaking as I walk. The doctor and the plumber are busy with my bones, and so I long for summer with useless sighs and groans; just as I long for autumn, when summer is on deck, and there's no top or bottom to sizzling heat, by heck. Alas! There is no season that suits me to the ground; I always find some reason to raise a doleful sound. I'm always longing, yearning, for something that is past, for summer weather burning, or winter's angry blast.

DEATHS

Dickinson

Mrs. Laura E. Dickinson of 505 East Chambers street died at Our Saviors hospital Monday morning at 9 o'clock. Deceased was Miss Louise Holliday and was born in this county March 10, 1851. She was united in marriage to William J. Dickinson in this city in 1895. She is survived by her husband and one son Arthur of Peoria. She also leaves the following sisters, Mrs. Abie Bennett of Jacksonville, Mrs. Julia Angel of Chapin and Mrs. Alice Hutchins of Ogden, Utah. Arrangements for the funeral have not been made.

Bennett

Alice Louise Bennett, daughter of George C. and Mary A. Bennett, died at the family home at Orleans Sunday morning at 10 o'clock. Death resulted from infantile paralysis. Deceased was born in Jacksonville May 6, 1911. Funeral services were held yesterday at the grave by the Rev. T. G. Shaw. Burial was in Diamond Grove cemetery.

WITH THE SICK

Little Anna May, daughter of Mr. and Mrs. Tom Duffner, went to Our Savior's hospital to have her tonsils and adenoids removed and her condition is satisfactory.

Mrs. Frank Hardin, 955 East State street, is out after an illness of a few days.

Fred Hopper who is suffering with an attack of typhoid fever is improving in a gratifying manner.

THE SPRINGFIELD ASSOCIATION

Misses May Dummer and Marion Fairbank expect to go to Springfield today as delegates from the Congregational church of this city to the Springfield association of Congregational churches, a body which meets twice a year to discuss measures for the advancement of the good cause. The sessions will begin this afternoon and continue throughout Wednesday evening.

MISS BARRETTE RETURNS FROM STATE MEETING

Three Days' Session of Illinois Library Association Filled with Interest — War Library Fund Has Now Reached $1,200,000 — Miss Barrette Addressed Winchester Woman's Club Monday.

Miss Lydia M. Barrette, public librarian, has returned from Decatur where she attended sessions of the Illinois Library association meeting. These sessions occupied three days and the most significant address as reported by Miss Barrette was by Mr. Yarros, a Chicago lawyer, on Russia, particularly on the literature of Russia as affecting Russian thought. From a practical standpoint the round table, conducted by Miss Ida Wright of Springfield, was very helpful. Mr. Rodin of the Chicago public library, gave a paper on "Library in War Time," particularly on the gathering and distributing of books. Mr. Rodin made a point of preserving local material on the war.

Announcement was made during the meeting that the $1,000,000 war library fund has now reached $1,200,000. Miss Barrette's report as chairman of the publicity committee began with the statement that the best publicity of our librairies during this year was not inaugurated by the state publicity committee nor was it carried on by that committee. The war library work, as all realize, has done more to put libraries on the map than anything undertaken for a long time.

The contest, "Doctors in Fiction," which was announced in public libraries in May, was rather generally posted in libraries thruout the state. The newspaper clippings sent in to the publicity committee from various towns in the state amounted to seven columns, or one page of newspaper publicity. The prize of $25 offered for the best list of doctors in fiction was won by Miss Edith Cook of Buena Vista college, Storm Lake, Iowa.

Monday Miss Barrette went to Winchester where she spoke at the public library for the literature and civid department of the Woman's club. Her talk was on "Community and the Public Library." Winchester has a new librarian, Miss May, who arrived from St. Louis yesterday morning. She is a graduate from Washington university and St. Louis library school. Winchester has a good beginning of a library and undoubtedly under Miss May it will prosper.

Lost—Silver mesh bag between Batz cafe and opera house. Reward for return to Journal office.

SERGEANT STIRLING RETURNS FROM TRIP

Spent Eleven Days in Adjacent Cities — All Branches of Service Now Open According to Orders Received Here.

Sergeant Stirling, recruiting officer at the postoffice building, returned to Jacksonville yesterday after an eleven day trip spent in Beardstown, Ashland and Virginia in the interest of the recruiting service. A number of recruits were secured on the trip. He will be at the Jacksonville station during the remainder of this week to sign up all applicants who may wish to enter the regular army service. The sergeant received an important communication from the adjutant general Monday which should be of interest to a great many young men in Jacksonville. All branches of the service are now open to enlistment, as the orders received yesterday opened the coast artillery corps for volunteers. The order from the adjutant general is as follows:

"To all Officers of the General Recruiting Service:

"In view of the fact that vacancies are reported in the coast artillery corps, qualified applicants with or without prior service, may be accepted for enlistment for the coast artillery general assignment, without special authority in each case from this office.

(Signed) "W. T. Bates,
Adjutant. Gen."

Regular army sub-stations for the recruiting service are located as follows for the district in which Jacksonville is included. Headquarters for this district are at Peoria, where Capt. J. M. Harris is in charge. Substations are at Springfield, Quincy, Decatur, Bloomington, Galesburg, LaSalle, Canton and Jacksonville.

If you need an alarm clock you need Big Ben. We also have Baby Ben.
Bassett's Jewelry Store.

MATRIMONIAL

Lewis-Perkins

Rev. William Lumley was in Eldred Sunday to fill his regular appointment at the Baptist church. While there he performed the marriage ceremony of J. K. Lewis, an Eldred merchant, and Miss Lucretia Perkins of Carrollton. The marriage service was said at the home of the groom and was witnessed only by near relatives of the contracting parties. Immediately after the service a wedding dinner was served. The young people will at once begin housekeeping in Eldred and will have the good wishes of many friends for a long and happy wedded life.

Mme Louise Homer, contralto, Springfield Arsenal, Oct. 26. Tickets, Ill. Coll. Conservatory.

BIRTH RECORD

Mr. and Mrs. J. W. Bowen received a dispatch Monday from Anaheim, Cal., announcing the birth of a son at the home of Mr. and Mrs. Ralph Reynolds. Mrs. Reynolds was formerly Miss Essie Bowen of this city.

Mrs. Charles Holbrook, who was operated on in a Jacksonville hospital, is reported as convalescing in a gratifying manner.

Rev. C. G. Cantrell of Concord filled his appointment at Berea Sunday morning and evening.

Dr. Means was called to the home of Edgar Brown Monday to attend Russell Brown, who is quite ill.

The patriotic rally day at Prentice Sunday was well attended. The Sunday school had arranged an excellent program. Among those who made addresses were Rev. C. G. Cantrell of Concord and Mr. Hastings.

Don't forget the Aid at the home of Walter Hardy Thursday. All are welcome.

MR JOHNSON PROMOTED

Mrs. J. P. Johnson of the Douglas hotel has received word that her husband has been promoted to the position of assistant in the camp quartermaster's department where he will have plenty of work and responsibility. Mr. Johnson is well fitted for the position and it is one of importance, requiring ability and industry.

ALEX HOWARD HERE

Alexander Howard has arrived in the city from a vacation of three weeks. He left the Erven and Platt carnival in Dayton, Texas, about a hundred miles below Houston and found plenty of use for his overcoat before arriving in Jacksonville though it was summer where he was. He is looking quite well and says the carnival company is doing a good business.

PROBATE COURT.

In the estate of Byron S. Gailey, the report of the sale of personal property was approved.

In the estate of Fannie Headen, petition for letters testamentary was heard and allowed. Bond waived and ordered that letters testamentary ordered to issue to Robert H. Headen and Nellie H. Headen.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick, for Sour Stomach, Bad Breath, Bad Colds

Get a 10-cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Adv.

JUSTICE OF PEACE IS SEVERELY CENSURED

Charged With Attempting To Intimidate a Witness

Justice is Brought Before Congressional Committee Investigating Riots—Ordered to Report Before Congress in December.

East St. Louis, Ill., Oct. 22.—Justice of Peace Brady of East St. Louis late today was brought before the congressional committee investigating the recent race riots on a charge that he attempted to intimidate a witness. He was censured severely and ordered to report before congress when it meets in December.

Paul Y. Anderson, a St. Louis newspaper reporter told the committee that Brady met him yesterday in a downtown office building and threatened him if Anderson "shot off his mouth any more about justices of the peace."

Brady admitted the truth of virtually everything Anderson said. When he had finished Congressman Raker said that for a justice of the peace he thought the action of Brady was "an amazing example of brazen effrontery."

Threw Child Into Burning House

Testimony that during the race riots here on the night of July 2, a mob threw a negro child into a burning house after it had escaped from the flames was given at the congressional inquiry into the riots today by Edwin Popkess, a reporter for a St. Louis (Mo.) newspaper. He said he also saw four or five national guardsmen shoot and kill two negroes who ran from a burning house.

On the morning of July 2, he said, he heard a lawyer say he would defend free of charge anyone who would avenge the deaths of Policemen Coppedge and Wodley, who had been killed by a negro mob the night before.

Inquiry into political conditions in East St. Louis was continued today by the congressional committee.

Paul Y. Anderson, a newspaper reporter who testified Saturday, resumed his story today. He said that before Federal Judge Landis ordered a reformation last November, many saloons in the city were conducted in a disorderly manner and were the chief breeding places of crime.

The lawless element that frequented these saloons, he thought was the same element that took part in the race riots.

He described the housing conditions of many negroes in East St. Louis as unsanitary.

"Yes", interjected Congressman Cooper, I suppose the housese were not fit for dogs to live in. It seems cruel that people willing to live under such conditions will work for a lower wage than those who demand better homes."

Afraid for Their Lives

J. W. Patton, general manager of the Morris Packing Plant said he heard that Moyer, a leader of the Industrial Workers of the World, had been in the city the week before the riot conferring with labor leaders.

He said he thought the mayor and police ought to take care of the situation.

"But", said Congressman Baker, "you knew they were not doing it. Why didn't you do it?"

"Well, to tell the truth," replied Patton, "we were afraid of our lives."

YOUNG GIRLS DISCLOSE MANY CABARET EVILS

CHICAGO, Oct. 22.—Disclosures of alleged cabaret evils as revealed in stories told to the police by young girls who met with misadventure there, led to the appearance today in court of 200 men and women arrested by detectives who visited cafes, saloons and dance halls in various parts of the city.

DISTILLED SPIRITS MAY BE IMPORTED INTO U. S.

Washington, Oct. 22.—The solicitor of the treasury today decided that distilled spirits may be imported into the United States, notwithstanding the prohibition against such importation contained in the food bill.

A section of the revenue bill passed nearly two months after the food bill, the solicitor held, repealed the prohibition of imports in the food bill.

PLEADS GUILTY TO CONSPIRACY

East St. Louis Rioter Sentenced To Five Years in Penitentiary—Women Fined.

Belleville, Ill., Oct. 22.—Harry Robinson, who was on trial in the circuit court here last week on a charge of murder growing out of the East St. Louis race riots today pleaded guilty to conspiracy and was sentenced to five years in the state pentitentiary. The jury that tried Robinson for murder was unable to agree. The murder charge probably will not be pressed for retrial at present.

Two women today were fined $50 and costs on a charge of rioting. They were Alice Taylor and Daisy Clavin, both of East St. Louis.

The charge of conspiracy and rioting against Dorothy Ruth was dismissed. She has been an important witness for the state in murder trials growing out of the riots.

DANIELS DEALS BOLDLY WITH SOCIAL EVIL

(Continued from Page One.)

contribute more to the winning of the war than manufacturers of shells.

Truth Must Take Place of Lies

"Continence is no longer a matter of morals only, tho it must be enforced as the cardinal doctrine of morals. It has come to be seen as having its base the great law of nature. The new truths must take the place of ancient lies. We know now by the testimony of science that there is no foundation for a double standard of the sexes. To preach it is to preach immorality and a lowering of manhood. The lie that has lived so long must be driven out by the truth.

"Only God will ever know the toll in blood and tears that this lie has taken from the heart of the world—the price that the health of the race has been made to pay for its submission to historic falsehood, young lives ruined, futures created of promise, children called upon to suffer for the sins of the fathers, innocent woman robbed of the right to happpy motherhood, and the virility of a nation sapped at its very foundation.

"Today as never before American manhood must be clean. We must have fitness. America stands in need of every ounce of strength. We must cut out the cancer if we would live."

"TAY PAY" ADDRESSES STUDENT OFFICERS

FOR SHERIDAN, Ill., Oct. 22. — T. P. O'Connor the noted Irish Nationalist spoke to 4,000 student officers at the camp here today following an inspection of the military reservation.

"Whatever the cost, whatever the time, we will go on until we have exterminated the monster of German militarism", he said. "So far as America is concerned Germany had been carrying on war against her for two years before this country accepted the challenge."

BLOOMINGTON MAN KILLED IN CANADA

Lee Roebuck of Bloomington was killed at a Canadian aviation training camp near Deseronto, Canada, when his machine crashed to the ground. Roebuck was nearing the end of his training course and was to receive a commission in a few days.

FINED FOR CARRYING CONCEALED WEAPONS

Russell Gootch was arrested by the night police force Sunday on the charge of carrying concealed weapons. He was arraigned in Justice Dyer's court Monday and fined $25. and costs on the charge. Being unable to pay the fine he was committed to jail.

AUTOMOBILE SKIDS AND TURNS TURTLE

Automobile Party from Oakland Had Narrow Escape—Seven Passenger Car Skids on Hill North of City and Turns Over—None of Party Seriously Hurt—Freshly Oiled Roads Cause—Other Mishaps at Same Place.

A number of automobile accidents, none of them serious, occurred Saturday and Sunday a short distance northwest of the first bridge over the Mauvaisterre and about eight miles from this city. The road at this point had been freshly oiled and this, together with the extreme grade caused the accidents. After descending a steep hill, the road makes a sharp curve, alongside of which runs the creek with a twelve or fifteen foot bank. According to report there is no guard rail at this point on the side next to the creek.

Among the auto parties which narrowly escaped injury at this particular point was one from Oakland, Ill., comprising Mr. and Mrs. W. C. Bell and Mr. and Mrs. Bruce Buckler. This party had made a trip to Colorado and the homeward journey had been made without any mishap until the point mentioned was reached. The car, a seven passenger Paige, when descending the hill skidded and turned over, the front wheels extending over the bank. Fortunately none of the occupants were seriously injured, Mrs. Buckler receiving some slight injuries from broken glass. Others of the party were considerably shaken up but considered themselves fortunate in escaping serious injury.

A call for help was sent to the Wheeler & Sorrells garage, who succeeded in getting the car back into position in the road. Considerable damage was done to the car, the top being smashed and the engine put out of commission. A Cadillac belonging to Oliver Zahn of Arenzville was another of the machines which suffered mishap at the same point, going over into the creek. None of the occupants were injured.

It is indicated by the accounts of the accidents that the failure to provide against the skidding of cars at this point was due to carelessness on part of someone. The fact that an unusual amount of oil had been used on the roadway increased the danger.

MISSIONARY UNION IN ANNUAL SESSION

Meeting Was Held in State Street Presbyterian Church Monday Afternoon—Officers Were Elected for the Ensuing Year—Miss Eleanor Mare of Chicago Gave an Interesting Address.

The Missionary Union of this city met in annual session Monday afternoon at State Street Presbyterian church. The attendance was good, the several missionary societies of the city being well represented. The election of officers was a prominent feature of the business session and resulted as follows:

President—Mrs. W. E. Spoonts, of Northminster church.

Vice president—Miss Marian Fairbank, Congregational church.

Secretary—Miss Eleanor Thompson, Central Christian church.

Treasurer—Mrs. A. P. Vasconcellos, Northminster church.

The meeting Monday afternoon was presided over by the president, Mrs. A. A. Todd of First Baptist church, while the devotionals were led by Mrs. R. B. Wilson of State Street church. Miss Jessie Wall of the Woman's College was heard in a pleasing solo. An address on "The Value of a Life" was given by Miss Eleanor Mare of Chicago, Secretary of the Woman's Baptist Foreign Missionary society. Miss Mare was formerly a parishioner of Dr. Todd of First Baptist church, and her visit here was a source of much pleasure to Dr. and Mrs. Todd.

Taking the life story of a missionary in Kentung, North Burma, as an example, Miss Mare pointed out the vast influence for righteousnesss which one life may have. The missionary referred to was sent to Kentung in 1900 and for three years his efforts were unavailing. Then in 1904 one convert was secured and in the next year there were over three hundred conversions. At the present time there are 15,000 persons belonging to the churches connected with that mission. Schools have been established and other means adopted for bringing enlightenment to the natives, and many of the converts are now doing missionary work in South China. The speaker said that missionary societies in Europe are not ceasing their efforts because of the war, and emphasized the need there is for this country to follow their example in this regard.

The address was an interesting and inspiring one and the meeting as a whole was an exceedingly profitable one.

ALBERT E. CURRY RECEIVES PROMOTION

A letter received in this city from Albert E. Curry, who is among the drafted men from Morgan county at Camp Zachary Taylor, states that he has been taken out of training and appointed superintendent of the stable and feed division at the camp. This appointment was undoubtedly made in recognition of Mr. Curry's ability in this line as practically his whole life has been spent in stock feeding and farm operations. He also spent several years at the state university specializing in this line of work.

GO BACK TO OLD HOME

Mr. and Mrs. William Spencer, Sr., have moved from 961 South Webster avenue to 1323 South East street. The South East street address is their old home, for at this place they resided 47 years, five years ago moving to the South Webster avenue address. They were warmly greeted by their old neighbors in the south part of town.

PLEASING PROGRAM AT PLEASANT VIEW SCHOOL

Box Social Nets $14—Good Crowd Present—Other Concord Items of News.

Concord, Oct. 22.—The following program was carried out in a creditable manner at the Pleasant View school on Saturday night.

Song by the school "Marshing Thru Georgia".

Recitation, "Welcome", May Grant.

Song, "Autumn Leaves", six girls.

Reading, By Teresa Hamm.

A play was then given, "Teacher, Can I Go Home".

Reading, "The Gambler's Wife Kathleen Ochler, of Winchester.

Song by school, "I Love The Little Old Red School House."

Ione Coultas and Helen Yeck of concord were given the prize for having the best trimmed box, the judges being Mrs. George Wooff, Mr.s Alfred Brockhouse and Mrs. Elmer Plank.

Miss Albert Quigg of Jacksonville was voted the most popular young lady.

The proceeds were $14. The house was crowded. Miss Nellie Quigg and her brother Charles of Virginia, and Miss Rose Quigg who teaches near Woodson were present.

Mr. and Mrs. O. T. Hamm and family motored to Arenzville Sunday to see Wm. Green, Mrs. Hamm's father, who is very ill.

Elmer Plank and wife went to Lagrange Locks Sunday for a visit Blanch Yeck is visiting Ethley in their absence.

Elmer Brockhouse and family returned from a visit to his parents in Scott county on Sunday evening.

Mr. and Mrs. D. D. Braner have just returned from a week's visit with relaties at Meredosia.

Lawrence Brockhouse and family were Sunday visitors at Sam Brockhouse's.

"Grandmother" Mrs. S. M. Henderson has been staying the last two weeks with her daughter, Mrs. Hubert Wester and the new grandson. All are doing well.

Miss Carrie Deitrick has been having her bridge across Coon Run creek raised and converted by the local concrete men.

Frank Tritch, of Scott Hotel at Chapin, had bad luck Sunlay afternoon, near John Eskews when an axle of his car broke and they had to call for John Nash to bring them in.

Minister C. G. Cantrell went to Berea on Saturday to fill his regular appointment. There is a movement on foot to secure him for full time at Concord, and we hope it may succeed. Brother Cantrall has made many friends here, and seems to be the right man in the right place. Brother and sister Cantrell both say the parsonage is a very pleasant home and they like to live here. It is up to the membership to grasp the opportunity.

ANNOUNCEMENT.

I hereby announce myself as a candidate for county commissioner at the election to be held November 6.

David Wilson.

Social Events

Mrs. Walters Given Birthday Surprise.

Saturday was the birthday of Mrs. John Walters of Ashland and a number of her friends and neighbors planned a surprise dance in honor of the event. Accordingly they went unannounced to the Walters home Saturday evening and spent a number of hours in a pleasant manner. During the evening dainty refreshments were served. A number of musical selections were rendered by Samuel Winner, Harry L. Smith and Edward Newell. Among those present from a distance were Mr. and Mrs. E. C. Moore of Bath.

FOR COUNTY COMMISSIONER

Republican Candidate. Fred J. Scholfield, election Nov. 6.

VISITED OLD FRIENDS

Mrs. M. Eleanor Williams of Perry returned home Monday after a visit with Mr. and Mrs. Ensley Moore. Mrs. Williams and Mr. Moore have been acquaintances since their childhood in Perry. She married the Rev. Charles Williams, who was a son of the Rev. William H. Williams, who was principal of the Jacksonville Female academy in the long ago. Rev. Charles Williams had long experiences as chaplain of the Iowa penitentiary at Ft. Madison and in St. Louis, besides his pastoral work, and was a man of power and influence.

CHAPIN YOUNG WOMAN TO WED

Miss Tena DeGroot of Chapin was entertained in Springfield Saturday evening at which time announcement was made of her approaching marriage to Emil H. Krell a prominent farmer of Sangamon county. The affair was a halloween party and decorations sybolic of halloween were used. The announcement was made with place cards bearing the initials of the couple. Miss DeGroot is the daughter of Mr. and Mrs. H. H. DeGroot of Chapin and is deservedly popular in her home city. She has recently been employed in Springfield. The wedding will take place some time in November.

LICENSED TO MARRY.

Samuel C. Hornback, Athens, Mrs. Paulina A. Waters, Franklin.

VISITED AT JOY PRAIRIE

The Misses Katherine Divver, Blanch Turley, Alma Voorhees, Mrs. Alice Charlesworth, Gus and John Vallery spent Sunday evening with Mrs. William Mooney of Joy Prairie motoring from Arenzville in John Vallery's Maxwell car.

VISITED FAMILY SUNDAY

E. E. Crabtree spent Sunday at his home here and expected to return to St. Louis Monday night to resume his duties as chairman of the state committee of the Eighth Federal reserve district of Illinois. Mr. Crabtree reported satisfactory progress being made in his district in the sale of the Liberty Loan bonds, and feels confident that the campaign will result in an oversubscription in this district.

Lost—Silver mesh bag between Batz cafe and opera house. Reward for return to Journal office.

NOW MILITARY POLICE

Word received at the Journal office yesterday from Sergeant H. Jay Rodgers states that the body of old Co. B is now designated at 1st Co. military police, 108th train, 33d division, Camp Logan. Sergeant Rodgers says, "These are busy days at the camp. The thermometer dropped to 45 degrees last Thursday night and the boys sure stepped high this morning about 5 a. m." He reports all well and enjoying camp life.

Give it in Time

Every mother knows that coughs and colds, neglected, may lead to the most dread diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold.

The wise mother gives

Foley's Honey and Tar

at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.

Mrs. M. E. Schlarb, Ashland, Penn., writes:—"Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl gets a cold on her chest, I give her a few doses, and it relieves her right away."

City Drug Store,
J. A. Obermeyer

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about $2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. Nothing better, but why buy it? You can easily make it yourself in five minutes.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex (60 cents worth) in a pint bottle, and fill up with home-made sugar syrup. This gives you a full pint—more than you can buy ready-made for $2.50. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt results.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns—I just put some 'Gets-It' on." Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters

"Gets-It" Puts Your Feet in Clover —It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and **without danger.** The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store, J. A. Obermeyer & Son, and Coover & Shreve.—Adv.

FORMER CHAMPION OF WORLD DIES IN CHICAGO

ROBERT FITZSIMMONS' DEATH DUE TO DOUBLE PNEUMONIA

"Fighting Bob" Lives up to Ring Reputation — Wins Heavyweight Title in 1897—Was Married Four Times.

Chicago, Oct. 22.—Robert Fitzsimmons, former champion heavyweight pugilist of the world, died at a hospital here early today, after an illness of five days of pneumonia.

The former champion was taken sick last Tuesday while appearing at a vaudeville theatre, and his ailment was at first diagnosed as ptomaine poisoning. Later it was discovered that he was suffering from double (lobar) pneumonia and physicians declared that he could not live. His remarkable vitality sustained him until Saturday when he lapsed into consciousness from which he did not rally except at rare intervals.

During the five days of his illness, Fitzsimmons was the recipient of many messages from men whom he had formerly met in the ring, including James J .Corbett from whom he won the championship and James J. Jeffries, who took the title from him. Other pugilists and followers of the sport sent telegrams to the fighter and his wife, expressing hope of a speedy recovery.

Fitzsimmons, until he sank into his final stupor, fought for life as he had fought for victory in the ring. Physicians declared life was prolonged several days by the grim determination of the man.

Mrs. Fitzsimmons who was with her husband during his illness suffered a nervous breakdown last Thursday and for a time it was believed her condition was dangerous, but she soon recovered and resumed her vigil at his bedside.

"Bob was a great fighter and a good husband," said Mrs. Fitzsimmons. "He worked hard on the atrical circuit and I believe the exposure between the acts and the drafts which blew through the wings caused his illness."

"Fighting Bob" lived up to his nickname and ring reputation to the end. He refused to admit defeat even after physicians had given up hope. Fitzsimmons always was referred to as an Australian because it was there that he started his ring career, but he was born in Helsten, Cornwall, England, June 4, 1862. His parents, however,, soon moved to New Zealand.

"Fitzsimmons started work in his father's blacksmith shop and at the age of eighteen gained fame for his dexterity in swinging a heavy hammer and fashioning horse shoes. It was said he could shape two while others made one. Before taking up boxing, he was a hammer thrower and long distance runner. The former champion's ring career began as the winner of a light weight competition promoted by Jem Mace, New Zealand, in 1880. He defeated four men, knocking out three of them, and became the amateur champion of the country. The next year he defended his honors, defeating five opponents in one night.

Fitzsimmons continued at the forge for the next six or seven years but was ready to fight at the first opportunity. After fighting three battles with Jim Hall, then regarded as the middleweight champion of Australia, Fitzsimmons came to America in 1890. He was one of the lightest men to win the heavyweight championship. He rarely weighed more than 165 pounds when in condition and gave away as much as fifty pounds to some opponents.

Fitzsimmons won the world's heavyweight title in 1897 when he defeated James J. Corbett in the fourteenth round of their memorable battle at Carson City, Nev. He stopped Corbett with his famous solar plexus punch, of which he was the originator.

For two years Fitzsimmons clung to the honor, losing it to James J. Jeffries when he was knocked out in the eleventh round of a furious battle decided on June 8, 1899 at Coney Island. In 1902 he met Jeffries again, hoping to regain the crown, but after having the better of the California giant on points, Fitzsimmons went down to defeat in the eighth round.

Old timers of the ring say the last knockout at the hands of Jeffries started Fitzsimmons on the downward path. He defeated George Gardner in a twenty round contest in San Francisco in 1903, but later was knocked out by Philadelphia Jack O'Brien and Jack Johnson.

Fitzsimmons made a fortune in ring, his earnings soon vanished. The former champion's first American ring experiences was in San Francisco. His queer hops and peculiar style of fighting brought laughs from the spectators and even made his opponents smile. He appeared awkward, but soon his experience eliminated his crudeness. He really became prominent when he defeated Jack Dempsy in 1891 for the middleweight championship. After that victory, Fitzsimmons fame was assured. Few middleweights would face him, so starting in 1894, he began meeting the bigger men of the ring.

Fitzsimmons had a varied matrimonial career. He was married four times, one of his wives being Julia Gifford, an actress. His widow recently became an Evangelist. She also appeared with Fitzsimmons in a vaudeville act in which the former champion gave an exhibition of bag punching and other training stunts.

THE PROPER FITTING OF CORSETS IS AS IMPORTANT AS THE QUALITY OF THE GARMENT ITSELF. OUR CUSTOMERS ARE ENTITLED TO THE SERVICES OF A GRADUATE CORSETIERE WHO WILL SHOW AND FIT THE NEWEST MODELS IN SUCH POPULAR CORSETS AS THE GOSSARD, MODART, REDFERN, WARNER'S, NEMO AND THOMPSON'S GLOVE FITTING, FROM $2 TO $12.00.

1. Officers of states or the United States.
2. Regularly or duly ordained ministers.
3. Students of divinity.
4. Persons in military or naval service.
5. Aliens.
6. Alien enemies.
7. Persons morally unfit.
8. Persons physically, permanntly or mentally unfit.
9. Licensel pilots.

ARE WOMEN NATURALLY DESPONDENT?

While there are women who seem always despondent and depressed and expecting misfortune, that is not woman's natural condition. Such unfortunates suffer from ill-health. An abnormal condition of the system expresses itself in nervousness, sleeplessness, backaches, headaches and despondency.

If all ailing women would make faithful use of that grand remedy for woman's ills, Lydia E. Pinkham's Vegetable Compound, there would be little occasion to ask if despondency is natural to woman.—Adv.

ZION

Mr. and Mrs. C. E. Hart and Henry Osborn motored over to Sullivan, Ill., and spent Saturday and Sunday with friends there.

Miss Margaret Maloney spent last week with relatives and friends in Jacksonville.

John Lonergan, Jr., spent Saturday and Sunday with his brother, Edward Lonergan and family.

S. A. Bracewell and family were Jacksonville visitors Friday.

Mr. and Mrs. Terry Rousey spent Saturday night and Sunday with Mr. and Mrs. Jesse Covington and family.

Miss Mary Jackson spent a few days last week with her parents, Mr. and Mrs. John Jackson.

Born to Mr. and Mrs. Frank Short Friday, Oct. 19th, a son, weighing three pounds.

Emory Story spent Sunday with Will Hart.

Mr. and Mrs. Greenup Edwards and family spent Sunday with Thos. Mason and family.

Mr. and Mrs. Frank Reid of near Manchester and Mr. and Mrs. Paul Breckon and son spent Sunday with Mr. and Mrs. G. C. Whitlock.

Plymouth Rock Roosters for sale. Call on Mrs. James Gibson.

Mr. and Mrs. Norris Bracewell and family called on Mr. and Mrs. Frank Short and family Sunday.

You don't have to risk a cent to be relieved of catarrh. Get a Hyomei outfit from Coover & Shreve, the druggists and if it doesn't satisfy, they will refund the purchase price. —Adv.

J. Herman has again gone to Chicago to replenish his stock in his ready to wear department. He expects to be away a day or two selecting goods suitable for the market and season.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do.

If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and the proper treatment is through the blood.

Search far and near, and you cannot find a blood remedy that approaches S. S. S. for real efficiency. It has been on the market for fifty years, during which time it has been giving uniform satisfaction for manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C Atlanta, Ga.

Renters and Farm Hands

There is no reason why the successful renter or farm hand may not own his own farm and be well-to-do, if he will locate in Wyoming along the Burlington Railroad, and get a start where the land and water right go hand in hand; prices are low and terms so easy you can't lose, where the climate is good and the crops sure, the markets right, in a good community where life is worth living.

Send for literature describing the land, soil, water, climate and general conditions in different localities. Help yourself to these opportunities. Write and tell me what kind of farming interests you most. Let me help you find the kind of location you want, where you will be prosperous and your family happy.

Neither the company nor myself have any lands for sale. The company pays me to help you locate. My services are free.

Write today.

CHILDREN WILL SELL LIBERTY BONDS

Friday, Oct. 26 Has Been Designated as Children's Patriotic Day—Children of Public Schools Will Make Campaign on that Day—Three Flags Offered to Schools Selling the Largest Number of Bonds.

Governor Frank O. Lowden has offered three flags to the school selling the largest number of bonds on children's patriotic day which has been set for Friday, October 26. The following sent out from headquarters of the Woman's Liberty Loan committee is self explanatory.

Help the Children to
Help win the War
Help them to buy a Bond
Help them to sell a Bond
Help them to Win a Flag.

Governor Lowden offers three United States flags to the schools, which will be instrumental in selling the largest number of bonds.

A flag from Governor Frank O. Lowden to the school with a total enrollment of 1,000 or more pupils, selling the greatest number of Liberty Bonds on a per capita basis.

A flag from Mrs. Frank O. Lowden to the school having an enrollment of 100 upwards to 1,000 pupils, selling the greatest number of Liberty Bonds on a per capita basis.

A flag from Miss Florence Lowden to the school having an enrollment of 100 pupils or less, selling the greatest number of Liberty Bonds on a per capita basis.

The State Superintendent of Public Instruction, Mr. Francis G. Blair, has asked the County Superintendents to forward to his office the certified report of sales.

Flags will be awarded by Governor Lowden.

RECTIFYING NAPOLEON'S ERROR

(From the Detroit Free Press.)

James M. Beck, formerly assistant attorney general of the United States recalls in Harper's for September a saying of the banished Bonaparte, uttered while the ex-emperor was in a reminiscent mood. Napoleon declared: "I made the mistake of my career when I had the opportunity that I did not remove the Hohenzollerns from the throne of Prussia. As long as this house reigns, and until the red cap of liberty is erected in Germany, there will be no peace in Europe.

Bonaparte knew a good deal about the Hohenzollerns. He had studied them, their history and their temper. Furthermore, he was familiar with the evils and fruits of despotic rule as the devil is familiar with the evils of sin and its fruits. Being through with his life so far as anything worth while in it was concerned, he was in an eminently good position to see clearly and prophesy accurately. As a retired despot he was an expert. How much of an expert we can judge, by remembering that just a century after he made what he termed the mistake of his career, the whole world is trying to rectify that error and uproot the evil he allowed to persist.

Misses Daisy Emerick and Pearl Goacher started yesterday for Houston, Tex., to take up their abode as already announced. The best wishes of many friends will go with them.

HARD ROADS AND NO FENCES

Letter From Leo Suiter, Now Somewhere in France, Gives Interesting Facts.

On Active Service with the American Expeditionary Force
Oct. 3, 1917.

Dear Brad:

It was the greatest pleasure for Walter and me to receive a letter from a brother knight of dear old 376 and you cant imagin therefiections of the times we used to have in the D. O. K. K. when we noticed the heading of your letter.

Well, Brad, this country is a fine looking country similiar to oid Illinois, but they all have hard roads and no fences, they herd their stock with dogs and you believe me the dogs are sure on the job.

You should be here to sample the wine that the French people make. You may see them in any vineyard picking and crushing their grapes.

Everything here in the line of wagons run on two wheels, and when it is necessary to use two horses they hitch one in front of the other, it sure will be a curosity to see a four wheeled wagon when we get home.

Talking about K. P.'s, we have about eight in our company, we gather around the corner once in a while and talk things over. You believe me the farther a person goes and the more Knights he meets the more he realizes the true meaning of the K. of P's.

Walter said to tell you hello for him that he intended to write before now and that he would write you soon.

I have been wondering how many of the boys out of our drill team are in service now and may God see us back together some time in the near future for a big rousing ceremonial.

Well, Turner, I was sure glad that I am over here to do my bit, for I feel that it is our duty to do so and am glad that the people back home are working hand in hand to bring this thing to a successful close.

I enjoy this life fine, and am sure making the best of it.

Tell Ralph we sure are glad to get those Journals over here, we are receiving quite a few of them lately and enjoy them very much.

I wrote him a couple of weeks ago I guess he hasn't gotten it yet.

Well there isn't much more to that I can say so I will ring off for this time.

Yours,
Private Leo Suiter
29 Prov. Aero Squad.
France, A. E. F.

Tell all the boys Hello.

"OLD BOB"

(Peoria Star)

In the heart of every red blooded man there must linger a spark of admiration for old Bob Fitzsimmons, now battling with death in a Chicago hospital. For Bob was a ready, two fisted fighter of the old school, who met every challenge and was every ready to defend his title. The over prudish may turn aside in shocked surprise at the idea that a prize fighter should be made the subject of editorial comment, yet the fact remains that whether they may be commended or not boxing contests exist as an institution in the life of the nation and have even received the sanction of the law. The blood of most of us at times has been stirred as we have stood in front of a newspaper office watching the returns of contests of this character which after being flashed over the wire were posted up in the window. There are in such contests all the elements of chance which delight the soul of the average man. There is the love of being counted on the side of the finner and there is the elemental desire to triumph which actuates us all even though it be a boxing contest which gives expression to our feelings. And of all the heroes of the ring two stand head and shoulders above their fellows in the popular esteem. They are John L. Sullivan and Bob Fitzsimmons. There was a third, the incomparable Joe Gans, but he is gone. No challenge given in good faith was ignored by these three. They were not press agents but fighters. And they fought their battles in the good old fashioned way when skill and strength and science and courage and hard hitting counted for everything. And if these qualities are accounted good in other men why not in men like poor old Bob? He was the best man of his inches and is entitled to the meed of praise that should come to any man of whom that can be said.

"TEDDY'S LEFT EYE SIGHTLESS

Col. Theodore Roosevelt, speaking to newspaper men recently of his boxing exploits of former times, desclosed that since he retired from the white house he has not had the sight of his eye as the result of a blow received in a friendly boxing match in the white house gymnasium.

"I don't think many persons know this," he said, "but I was having a lively bout one day with a husky young captain of artillery when he crossed me with a hard swing on my left eye. The punch broke some of the blood vessels of the eye and I haven't seen from it since."

PRIVATE GETS FORTUNE

Private H. H. Leonard of the thirty-fifth engineers was cheered by his comrades at Rockford as he entrained for Altoona, Pa., on a seven days' leave of absence. He goes to receive $100,000 which has been held in trust for him during his minority and to be married to his boyhood sweetheart.

The soldier has arranged for $60,000 of his legacy to be converted into Liberty loan bonds and $40,000 will go to his bride. The subscription to the war bond fund will be credited to the eighty-sixth division record of sales, the total amount of which now is $1,488,850.

GIRLS! MAKE LEMON LOTION TO WHITEN AND BEAUTIFY SKIN

In all weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.—Adv.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.—Adv.

THE COUNTY ADVISER CAMPAIGN.

Everybody Asked to Boost and Subscribe.

Those in charge of the campaign for a county adviser are advised that a number of our farmers are ready to sign a subscription and are waiting for Mr. Smith or some one to call on them. Mr. Smith is putting in all the time he has in visiting farms in the county. This is slow work at best, especially when he so often finds the farmer away from home when he calls. It will, of course, be impossible for him personally to see all the farmers who might subscribe.

In addition to this the local men assisting Mr. Smith find it difficult sometimes to find farmers with cars to drive him around in their neighborhoods. While Mr. Smith is paid by the government for his time, the local men interested must provide all transportation in the county. If farmers who have cars and are willing to drive Mr. Smith in their communities will communicate with Frank J. Heinl, who has in charge the arrangements for Mr. Smith's campaign it would help very much. Every farmer and landowner in the county is cordially invited to cooperate in this campaign by signing a pledge card to employ a county farm agent. If you have decided to do so, do not wait for some one to call upon you, but go to your bank where you will find subscription cards and sign one or, if more convenient, communicate with Mr. Heinl and he will see that you get a card. By doing this you will help in the campaign and give Mr. Smith and those working with him more time to call on your neighbors.

The result of the campaign thus far seems to assure its success. Apparently it is simply a matter of taking sufficient time to see the farmers for everywhere Mr. Smith has canvassed he has obtained a goodly number of subscriptions and he has, as yet, covered a very small part of the farming sections.

HOOVER'S GOIN' TO GET YOU

(Ladies Home Journal.)
By Mable T. Clapp.

The darned old Hoover pledge has
come to our house to stay;
To frown breakfast bacon down, and
take our steak away;
It cans our morning waffles, and our
sausage, too, it seems,
And dilates on the succulence of
corn and spuds, and beans.
So skimp on sugar in your cake and
leave the butter out,
Or Hoover's goin' to get you if you
Don't
Watch
Out!

Oh, gone are the good old days of
hot cakes thickly spread;
And meatless, wheatless, hopeless
days are reigning in their stead
And gone the days of fat rib roasts
and two-inch T-bone steaks,
And doughnuts plump and golden
brown, the kind that mother
makes.
And when it comes to pie and cake,
just learn to cut it out,
Or Hoover's goin' to get you if you
Don't
Watch
Out!

So spread your buckwheat sparingly,
and peel your taters thin;
And tighten up your belt a notch
and don't forget to grin.
And if, some times, your whole soul
yearns for shortcake high and
wide,
And biscuits drenched with honey,
and chicken butter fried,
Remember that Kaiser Bill is
short on sauerkraut,
And Hoover's goin' to get him if
we'll
All
Help
Out!

LETTER FROM CAMP LOGAN.

Al Stewart of the force at Myers Bros. has received the following from his son:

Camp Logan, Houston, Texas.
Oct. 18, 1917.

Mr. Al Stewart,
Jacksonville, Ill.

Dear Dad:

I received your letter and was glad to hear from you. We are Co. "B" no more. The 5th Regiment was all spit up, we moved yesterday. We got to be Military Police, all mounted. We will have a 45 Colts revolver, rifle and horse to take care of. The Military Police is the highest branch of infantry service. Our duties are to keep order among the soldiers up town just the same as a policeman, and in active service to take charge of all prisoners.

Houston is a nice place, but things are sure high. The only cheap thing is oysters, they cost 15c a half dozen or 25c per dozen at the restaurants, any way you want them cooked. So I have been having at the Fried Oysters. The people eat lots of Blue points down here. There are more soldiers on the streets of Houston than civilians.

I will have to finish this with pencil as Brownie Merrill wants his pen. I was sick the first of the week, but feel better now. I guess you received the Roster of Co. B. I sent you. It will be nice to remember all the boys by. Very few companies have these. We are allowed to go to town one night out of the week. I can't think of much to write. I received a letter from mother yesterday, will try and write more often. My address will be,

Corporal Allan Stewart,
1st Company Military Police,

With the Fingers! Says Corns Lift Out Without Any Pain

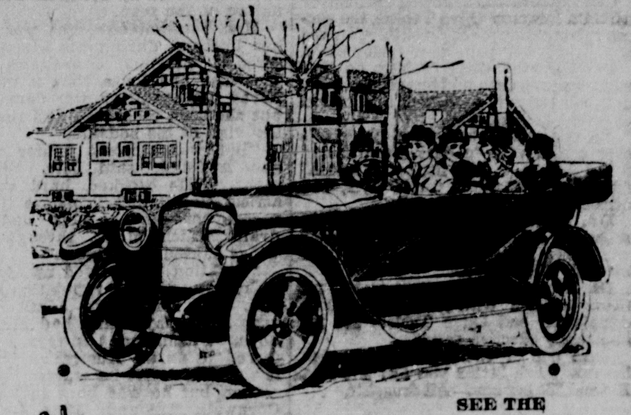

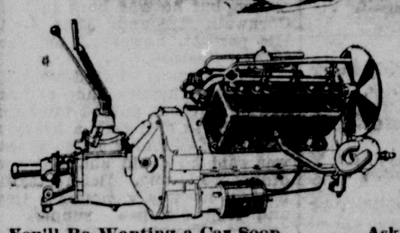

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.—Adv.

Properly Protected Plates

The two most important elements in a battery are—the plates and the insulation that keeps the plates apart.

Willard Threaded Rubber Insulation properly protects the plates from contact with one another.

Electricity can't work through the rubber, the acid electrolyte doesn't corrode it. And thousands of tiny threads make possible the vitally essential movement of the electrolyte from plate to plate.

Next time you're in for your regular testing, ask us about the remarkable records made by Still Better Willard Batteries on 35,000 cars.

FARMER NEAR JACKSONVILLE HAS TERRIBLE EXPERIENCE

"I don't think anybody ever suffered more pain than I have. Twice I was operated for gall stones and a third operation was advised. A friend in Iowa wrote me how he was cured by taking Mayr's Wonderful Remedy. I took a bottle on his advice with good results and have also taken the full course. My pains are all gone and I feel I am permanently cured. It is a simple, harmless preparation, removes the catarrhal mucous from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Adv.

BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound Ends Colds and Grippe in a Few Hours

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

MARKET TAKES A DECIDED UPSHOOT

Corn on Hand in Chicago Has Been Reduced to Smallest Total in Many Years.

Chicago, Oct. 22.—A decided unshoot which took place in corn today was largely because corn on hand in Chicago had been reduced to the smallest total in many years. The market closed strong 1@2½c net higher, with December $1.16¾ to $1.16⅞ and May $1.10¼@; to $1.10¼@⅜. Oats advanced ¼@⅜ to ½c and provisions 20c to $1.50.

An aggregate of only 36,000 bushels of corn in Chicago elevators today contrasted sharply with 1,058,000 bushels a year ago, and drew attention to the meagerness o fthe visible supply in the country as a whole—1,656,000 bushels as against 8,870,000 bushels last year.

Oats derived strength almost wholly from the bulge in corn.

Assertions that recent drastic breaks in the price of pork and ribs had carried those commodities far below the cost of manufacture led today to notable upwadr swings in provisions.

(Furnished by James E. Bennett Co.) 333 West State St., Huntoon Bldg.

EARLY ADVANCES FORFEITED AT CLOSE

Trading was of a Professional Character, Public Inquiry Reflecting Only a Moderate Accession.

New York, Oct. 22.—Advances of 1 to 4 points in the first half of today's stock market session were gradually forfeited later, the market closing with a heavy trend. Trading was of a professional character, public inquiry reflecting only a moderate asseccion. Pools continued their bullish activity in numerous speculative issues at gross advances of substantial proportions, but these too were surrendered before the close. U. S. Steel reacted from 107⅜, its top of the forenoon to 104¾ and closed at 105⅛, a net loss of 1⅝. Independent steels notably Bethlehem, Crucible and Lackawanna met with similar reversals and early substantial gains in Baldwin and American Locomotives were lost. Rails were again neglected and shippings, oils and tobaccos shared in the late reaction with motors and specialties. Sales amounted to 715,000 shares.

Enlarged dealings in the irregular bond market were mainly due to activity in liberty 3½s at 99.70 to 99.72. Total sales (par value) aggregated $6,850,000.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

BUSINESS MEN WILL BUILD PRIVATE SEWER

F. J. Waddell, Hopper and Sons and Ohers Will Build Private Sewer in South Mauvaisterre Street—Contract Awarded to Fernandes & Son

Frank J. Waddell and Fletcher Hopper appeared before the council after adjournment Monday morning and took up the matter of building a private sewer in South Mauvaisterre street adjacent to their properties.

There always has been more or less trouble with sewer service for those buildings and they thought that the only solving of the problem. City Engineer Henderson had asked for bids for the work and the bids were opened at this informal session.

L. V. Baldwin's bid was $588.30. The bid of Simeon Fernandes and Son was $569. After some discussion in which it was pointed out that the matter was one for the property owners to decide, Messrs. Waddell and Hopper decided to award the contract to Fernandes and Son. The engineer was asked to draw up a suitable contract for the parties to sign.

The present sewer was laid some years ago along the west side of the street by Hoffman Brothers. It has grown too small for the demands made upon it. The Rapp property also will be attached to the new sewer as that property has never had sewer connections. It is also probable that all other property abutting will pay their portion of the cost so that if a connection is desired it can be made without cost.

ARENZVILLE

Revival services began at Arenzville.

Evangelistic meeting being held at M. E. Church in charge of Rev. Peter Semnons is assisted by John Stout as singer and other news notes.

A series of revival meetings are being held at the M. E. church in charge of Rev Peter Semnons of Concord. The singer is John Stout of Carlinville.

Oliver Zahn and family motored to Winchester recently, to visit his sister, Mrs. Lena Dahman and family.

Miss Ada Might of Virginia has been entertained by Miss Maude Weeks.

Eddie Nickel and family, Howard Turley and wife, Eugene Peck and wife attended revival meeting from east of town.

Mrs. Henry Zahn is able to be about after a few days illness.

Mrs. Henry Nieman had the misfortunte to fall and break her arm.

Several attended the quarterly conference at Concord Thursday at the M. E. church. The Ladies' Aid served lunch after the business meeting, which was much enjoyed.

Edward Green and wife and O. Marshun of Danville spent a day recently with W. J. Green and family.

Mrs. Henry Dahman departed for Canton, Mo., for a vist.

Mrs. William Hackman returned to her home at New Canton recently after a few days visit here.

W. J. Green, who has been having a sore foot for some time, journeyed to Jacksonville with Dr. J. M. Swope to see Dr. Black.

Mrs. Clara Long is at the home of Arthur Schmitt near Wagner's bridge.

Elie Harshman of near Meredosia was here Tuesday.

Mrs. William Tritsch has been at Calhoun county on a visit with her mother.

Mr. and Mrs. John Stocker motored to Meredosia to visit with old friends.

School watches for the young man. Radolite, $4.50; other styles $4.00 to $10.00. Bassett's Jewelry Store.

DANIELS APPOINTS ILLINOIS WOMAN

Sixteen prominent women, including Mrs. Matthew T. Scott of Bloomington, Ill., and Mrs. E. T. Meredith of Des Moines, were named by Secretary Daniels as the woman's advisory committee on navy auxiliaries to the Red Cross war council, which will supervise the work of all the local auxiliaries through which the Red Cross has undertaken to conduct comfort and relief work for the navy.

ROWLAND IS SURE OF A JOB

White Sox Leader Says He is Signed for Life and Satisfied.

The world's champion White Sox are on their way, scattered to the four winds, and $3,669.38 richer to the man.

Following a meeting at the South Side park the winners' end of the diamond classic was cut up into twenty-five portions, the regulars, including Manager Rowland and Assistant Boss Gleason, coming in for $3,669.37. Bob Hasbrook, recruit first baseman, who joined the club a month before the season closed, received $1,000, while Traveling Secretary Joe O'Neil got a third share, $1,669.32.

Nobody connected with the playing end of the team was forgotten. Trainer Buckner pulled down $500, the club house boy $300, John McCuddy, mascot, $100, and Charley Kuhn, groundkeeper, $100. Incidentally, Kuhn, who was associated with the old Cubs in their pennant winning days, said it was the first time in his career that he was reimbursed in the post season split.

Manager Rowland, who was presented with original voucher for $91,733.15 by the national commission, made out the individual checks after depositing the lump sum. The players voted on how they would divide the coin, and the boss followed their wishes cutting in himself only when the athletes insisted that he was entitled to a part of the earnings. They also wanted to remember "Pants, Jr," mascot, but the manager refused to stand for this.

There is a national commission ruling against passing out a bonus to world's series players, so Owner Comiskey did not raise the checks of his stars, as they had expected. However, Eddie Cicotte, Red Faber, Ray Schalk and Joe Jackson got new contracts for 1918, and they probably will be remembered with an increase in salary. When manager Rowland was asked about his contract, he said, "I am signed for life and I'm satisfied with my salary."

A WORTH WHILE ARTICLE ON FOOD CONSERVATION

"A War-Food Message for the American Home", which has just been issued by the National Wholesale Grocers' Association, which is at once so timely and vitally interesting that we wish a copy could be placed in every home in this land. It tells what foods we must save to supply ourselves and our allies; it tells us what foods can be eaten in places of those saved without loss to health strength or contentment "Your Government", it says, "does not want you to give up three square meals a day or even one. All it asks is that you eat less of the foods that are so greatly needed by our armies and the people behind them, and more of the foods that are plentiful * * America and her Allies must not run out of wheat, meat or fats. If we do Germany will win the war. We must save Sugar; use every drop of milk * * All the blood, all the heroism, all the money and all the munitions in the world will not win this war **unless our Allies and the people behind them are fed.** They will not be fed, your sacrifice of blood and money will be in vain, we shall go hungry and a **great cause** will be lost unless you stand guard each day in your home over **your** supply of Wheat, Meat, Fats, Sugar, Milk.

"In place of Wheat bread eat rye bread, corn bread, oatmeal bread, barley bread. That's what the European nations are doing to save Wheat.

"Eat a baked potato instead of a slice of Wheat bread; potatoes are plentiful. Eat less cake and pie; the wheat so saved will keep a fighter in the trenches. When you use Wheat bread, avoid stale bread by cutting the slices as needed. Make puddings, muffins and griddle cakes out of stale bread, dried crusts and scraps.

"Germany is eating 'War Bread.'

"It is better to eat **our own** bread **now** than to eat German black bread later.

The fats we waste would almost supply Germany. Avoid waste and save them for ourselves and our Allies. Glycerine, the chief substance used in making explosives, is made from Fats. Think of the thousands of tons of explosives that have been made in the last three years and you will understand why Fats are so badly needed. Give the children butter on their bread, but don't use it for cooking; use fat drippings. Trim your own meat and use the Fat to melt into drippings. Use peanut oil and cottonseed oil as substitutes for animal Fats whenever possible."

After telling why meat is so high in price, the article says; "Unless we eat less meat at home the price will go still higher, and our boys in the trenches will only be half fed.

"There are many foods available which can be used in place of meat.

"You can eat fish in place of meat and be just as healthy * * Peanut butter and other fats are just as nourishing. Milk eggs and cheese will take the place of meat.

"Unless we guard the supply of Sugar, the supply will run low and the price will be higher. These little savings will win the war.

"A quart of Milk gies as much energy as eleven ounces of sirloin steak or 8½ eggs. Skim Milk is as rich in protein and mineral matter as whole milk, only the fat is lacking. Drink skim milk and use it for cooking. Give the children whole milk or skim milk plus plenty of butter."

Space and time forbids our publishing more of this practical, educational and patriotic article in full. It is a subject certainly well worth considering.

KNITTER INVENTS NEW WAY OF MAKING GIFTS

An indefatigable little knitter who lives not a hundred miles from here has thought of a splendid way to remember soldiers in France at Christmas time and the idea is so good that it should really be passed along.

She is knitting socks for soldiers—as fast as busy needles can turn them out and each pair of socks is to form the nucleus of a Christmas gift. One of the socks will be rolled up and stuffed in the other sock and the remaining space will be filled with the little articles which are recommended for the soldier's comfort at the front; tooth paste, talcum, shaving soap, safety razor, washcloth, tobacco, chocolate and so on. Each article will be wrapped in tissue paper and tied with red ribbon. And in each sock there will be two little red candles and a sprig of holly for a Christmas celebration and reminder of home. These Christmas stockings must be sent off before November 15th, for packages take a long time to be delivered at the front.

How You Can Make Clothes Wear Longer

It's just because the price of everything is so high these days that Fels-Naptha is more economical than ever.

Shirts, waists, underclothes—all these articles *must* be made to wear longer. Make them last longer by removing the boiling and rubbing that does so much to wear out clothes before their time.

Fels-Naptha lengthens the life of your clothes, because it makes boiling and hard rubbing unnecessary. With little work by you, it cleans, even better than the most painstaking rubbing and boiling.

Try Fels-Naptha with *your* clothes and prove it yourself.

Notice to Sick Women

The Experience of These Women Prove That There is a Remedy for Your Illness.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. PERCY PRESTIDGE, Aberdeen, Idaho.

Kingfisher, Okla.—"For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no pain, backache or dizzy spells. Every one tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it."—Miss NINA SOUTHWICK, R. F. D. No. 4, Box 33, Kingfisher, Okla.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has restored more sick women to health than any other remedy.

FOOD CONSERVATION HITS JACKSONVILLE

Local Hotel and Restaurant Men Receive Instructions Looking Toward a Meatless and a Wheatless Day in Conformity With the Food Administration's Plans — Illinois Woman's College Will Also Observe the Days—The Girls Will Give up the Manufacture of "Fudge" During the War.

The food conservation plan came close to home yesterday when local hotel and restaurant men received voluminous instructions regarding the conservation of food.

Hal C. Foulk, manager of the Dunlap hotel said last night that his instructions were received Sunday and came from the Chicago headquarters. Mr. Foulk said that apparently the greatest stress at the present time is laid upon a meatless day, altho a wheatless day also is specified.

Illinois Woman's College also will show its patriotism in the matter of food conservation. A meeting of the faculty and students of the institution was held Monday and it was voted to observe a meatless day and a wheatless day. Tuesday will be the meatless day and Wednesday the wheatless day. Herbert Hoover will be notified of the action of the school.

Realizing the scarcity of sugar the girls also will forego the making of fudge and other sweets during the year. This is indeed a great sacrifice for the making of fudge is one of the things dear to the heart of every school girl and life in a boarding school has never seemed complete without the making of midnight fudge.

CORREA COW SALE WAS SUCCESSFUL

Good Prices Prevailed—Sale Totaled Over $4,000—W. J. Kirby of This City Among the Buyers.

The cow sale held by F. V. Correa at Manchester Monday was, despite the rainy weather and small crowd, a financial success. There were not a great many persons at the sale but those who came, were there with the idea of buying and the bidding was spirited. The sale totaled $4,391.50. Seventeen fresh cows averaged $100, six springers averaged $91. The highest priced cow at the sale sold at $122.50. Eight milk cows averaged $60, twelve weanling calves averaged $26, six two-year-old steers averaged $76, eight yearling steers averaged $60.

Among the buyers at the sale were Ed Barrows, Woodson, W. J. Kirby, Jacksonville; George McKean, Woodson; Gus Henry, James and John Lonergan, George Calhoun, Franklin; Roy Clark, Murrayville; E. H. Langton, Roodhouse; Lloyd Seeley, White Hall; J. A. Kemp, Roodhouse. Mr. Kemp had the distinction of being the purchaser of the highest priced cow. Lloyd Seeley of White Hall acted as auctioneer and E. E. Rousey as clerk.

MORGAN COUNTY KNITTERS PLEASE NOTICE

Letters received Saturday from the Central Division Headquarters of the American Red Cross, the Division thru which all Morgan County Knitted articles are shipped, emphasize again the desperate need of warm knitedt things and saks us to continue knitting until January at least. Since, with all the splendid work which has already been done, Morgan County has shipped less than 300 sets on the allotment of 1,200, it is obvious that all who are knitting must continue, working even more constantly, and those who have not yet learned are urged to begin at once. The Red Cross shop is open every afternoon from 2 to 5 o'clock for instruction in Knitting and for the distribution of yarn which is freely given to those who will knit for this Chapter.

The local knitting committee plans to make shipments every ten days or two weeks. All those who have yarn will be called by telephone. To facilitate the work of the committee women having yarn taken in August or September are asked to turn in the completed garments as quickly as possible.

Those who are beginning to knit socks, are asked to secure the latest directions from the shop. The committee suggests that all socks be knitted more loosely. Larger needles may be used and fewer stitches cast on. All socks should be made a full 10½ inches or, better, 11 or 12 inches in the foot and should be 14 inches from the top of the sock to the tip of the heel. The committee urges that all who are knitting socks keep in constant touch with the Red Cross knitting committee for the most recent suggestions. Socks which do not come up to the requirements of the Chicago Branch cannot be shipped and it will greatly facilitate the work of the inspecting committee if knitters will get the latest directions before beginning the sock.

There is need of more volunteers for teaching. Twelve or fifteen women are giving regular time each week but the committee would be glad to have volunteers for occasional hours of teaching. Those who can volunteer for such work are asked to telephone Mrs. F. J. Heinl, or Miss Margaret DeM. Brown.

CHESTNUT GROWERS

Several persons in the county have grown chestnuts for the market and the prices paid would indicate that they are a profitable crop. At any rate the matter is worth investigation. It is probable that the trees would grow where there would be little likelihood of any other kind of a crop prospering and if trees suitable to this climate and soil could be secured it would seem that there would be money in the venture.

A TEXAS WONDER
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of $1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

Beginning 10 a. m.
Horses, Hogs, Cows, Wagons, Farm Implements, Machinery, etc.
JED COX, Auct.

CENTRAL DIVISION ISSUES WARNING

The following warning has been issued by Bruce D. Smith, manager central division American Red Cross, to all chapters in the division:

"A story is being industriously circulated to the effect that sweaters, socks and other articles knitted for the Red Cross are being sold either to the public in stores or direct to the soldiers.

"Harvey D. Gibson, general manager American Red Cross, has directed us to issue this notice to each chapter in the Central Division denying this story vigorously.

"No articles whatever either knitted or otherwise made by Red Cross workers turned in to any Red Cross chapter, branch, or to auxiliaries, or to any Red Cross supply warehouse are sold either to the soldiers or to any shops.

"Mr. Gibson warns that if any willful case of this sort should come to the attention of Washington headquarters, the charter of the Red Cross chapter or subsidiary organization sanctioning it would be immediately withdrawn with full publicity. Should it transpire that any actual instance of the above character occurred wherein an individual sold articles after their having been turned into the Red Cross, such action would be clearly in violation of the fundamental law of the Red Cross and we would take vigorous steps to prosecute the offender.

"It is also true that any case of persons other than those acquiring the right prior to January, 1905, using the name or emblem of the Red Cross, to assist in the sale of merchandise is a violation of the provisions of the federal criminal law and the offender will be reported to the United States district attorney for prosecution."

New wrinkle that won't wrinkle. Latest thing in men's neckwear shown by FRANK BYRNS' Hat Store.

WILL PRESENT LYCEUM COURSE

Young People's Union of Waverly Will Give Redpath Lyceum Course During the Winter—Other Waverly News Notes of Interest.

Waverly, Ill. Oct. 22.—A Redpath Lyceum Course will be presented in Waverly this winter under the auspices of the Young Peoples' Union.

Mrs. Wm. Merritt left Saturday for Springfield where she expects to spend the winter visiting relatives.

Albert Spires of Jacksonville visited over the week end with friends here.

Miss Georgiadean Burbank of Springfield spent Saturday and Sunday visiting at the home of Rev. and Mrs. J. A. Conlee.

Mrs. Ben Wright of Beardstown is visiting at the home of her parents Mr. and Mrs. Robert Breeding.

J. R. Colbert and W. M. Smith went to Champaign Saturday to attend the home coming.

Mr. and Mrs. Frank Woods and son, Clyde went to Dectur Saturday to spend several days visiting relatives.

Mr. and Mrs. J. J. Woods and Miss Mabel Martin spent Sunday at the home of Mr. and Mrs. Charles Landon near Auburn.

McDougall, photographer, over Coover and Shreve, E. Side Sq. See our braclet watches. You will find just the one to please you. We have the new styles. Bassett's Jewelry Store.

INDEPENDENTS DEFEATED CHAPIN YESTERDAY

The Jacksonville Independents went to Chapin Sunday and took the strong team of that town into camp by a score of 15 to 2. Chapin has been trimming all the teams in this section this year, having beaten the All Stars, the strong colored team of this city.

Sunday the Independents took kindly to the offerings of McDaniels, Chapin's star hurler and soon drove him to the woods. Denny, the first man to face McDaniels, hit for two bases and came clear home when Clark laid down a sacrifice. Denny was at bat six times and scored six runs. All of the Independents hit the ball hard and made the Chapin team wish they had never seen a baseball. The score by innings:

Jacksonville....1 0 2 2 1 2 5 2 0—15
Chapin.....0 1 0 0 0 1 0 0 1— 3

Batteries—Day, Clark and F. Smith; E. McDaniels, Reems, J. McDaniels, O. McDaniels and A. Smith.

CONTROVERSY OVER LUNCH STAND

Thomas Worthington yesterday swore out a warrant against Charles DeSilva charging him with violation of the city ordinance relative to moving buildings inside the fire limits. The ordinance in the matter prohibits the removal of any wooden or frame structure from outside of the fire limits inside the same. Mr. Worthington alleges that Mr. DeSilva moved a lunch stand that he had on South Main street and placed it in the rear of his lunch stand that now faces on West State street. There have been numerous occasions where city councils have permitted this to be done but so far as is known the matter has never been tested out in court.

SOME VERY FINE CORN

At the Elliott State bank are some remarkable ears of corn grown by John F. Berry. They are yellow, the grains go well around the point and the ears are wonderfully large one of them being fully fourteen inches long and more than three inches in diameter at the butt and tapering very little. The name of the corn is not known but the size and quality are wonderful.

Mr. and Mrs. S. A. D. Whitlock, Miss Hazel Wood and Mr. Roy C. Covington, all of Murrayville, were visitors in Jacksonville yesterday, coming in Mr. Whitlock's car.

TRUE CO-OPERATION.

Will You Co-Operate Voluntarily or Must You be Forced to It?

We hear an awful lot about Germany's efficiency in agriculture. Germany does not know anything which we do not know. Cooperation in Germany means cooperation of all the people, all the time. Cooperation in America too often means a selfish interest of a few against the many.

In Germany before the war, and probably now more than ever, came riding by, a soldier who was not a soldier, altho he wore a helmet and a uniform. He acted very much like his horse and horse sense was his guiding star. All at once the horse stops as if carved in stone. The rider stands erect on the saddle and looks about him over the fields. He sees the yellow blossom on a weed which is "verboten." He jumps down, runs into the field, ties a tag to the weed, tears off the coupon which is mailed to the farmer, telling him he is fined so much for allowing that weed to grow in his field.

When the system first went into effect, Germany's farmers resented it even worse than our German American farmers do. But after having been fined a few times, mother and the children and everybody in the house helped search for those expensive weeds and in consequence twenty years afterward that weed is gone, never to return.

* * *

On the rear of the German grain drills is an attachment by which blue stone solution is fed with the kernels into the ground and covered up. This not only was their process of treating fungus diseases, but, being poison, the field mice or birds feeding on this seed were destroyed.

If one of our farmers allows the smut pores from his threshing machine to infect another man's crop, the neighbor has no redress, altho he is loud in demanding his rights when his sheep are killed by some neighboring dog.

* * *

In Germany the land must be fertilized. Manure must be properly handled and not wasted. Owners of wood lots cannot cut trees until they are given permission by the forester. This is for the purpose of insuring the cutting of only proper trees and new trees must be planted to restore the supply.

* * *

When the thresher is set up and operated, along comes Mr. Inspector, opens a trap in the side of the machine, takes a handful of the grain as it runs and in the laboratory its condition is ascertained. If there are weed seeds or other trash in the grain the farmer is not allowed to market it until it has been recleaned.

This may seem very severe, but when it is considered that cooperation must include all concerned, the German system is inevitable.

* * *

This close supervision is not confined to agriculture by any means. If a policeman sees a man on his beat who looks as tho he had no business, he will ask for his book and the loafing person must either show a certain amount of money or show by the entries in his book that he has been employed within a few days. These entries are made by means of stamps.

Aha, you say, more taxation? Not at all. These stamps are paid for one-third by the government, one-third by the working man and one-third by the employer and the amount of them collected during the man's working years is returned to him as an old age pension or whenever he is disabled.

Would this be tyranny if we should likewise cut out the slum and the bum?

* * *

Germany has accomplished wonders in a few years. America during the same years, almost nothing, owing to the difference in system. In America a man can do these things if he wants to—in Germany he must do them.

* * *

We talk cooperation in America without the slightest idea of its fundamentals. The good of the whole people is the main thing and individuals must not be allowed to do anything inimical to public welfare.

* * *

In America our main thought is to serve our own selves and to disregard the needs of the other fellow. We must learn true relationship of man to man and that the interest of the other fellow is nothing but our own interest. We are dependent upon him, our relations are closely interwoven and interlocked. Whatever we do to benefit him must necessarily be a benefit to us and what is a threat to him, is a menace to us. Suspicion is caused generally by the lack of high ideals. The absence of high ideals is the result of ignorance. Ignorance is nothing more than lack of education. Suspicion between town and country and between neighbors and between strangers, can be overcome only by mutual understanding.

The most important thing to bring about the required mutual understanding, is to weld all men into one great big family with the one object—to direct their efforts toward the goal of mutual benefit. To accomplish this we must practice true cooperation and not mere combination.

* * *

In spite of our boasted independence, we are the most dependent people on earth. Very few of us could live by ourselves thru our own efforts.

* * *

America must do these things. If America will not do these things voluntarily, willingly, cheerfully, gladly, America will be forced to do it at the point of the bayonet.

This is not tyranny. It is merely enforcing a mutual benefit. No man should be allowed to sprinkle tacks under another man's taxi.

Germany has led the way with a mailed fist. France learned it thru a humiliating defeat in 1871. Great Britain is now learning by bitter experience. America will, thru the molding of public opinion, accomplish the same result. America always does things by force of public opinion. When the time comes, we will do it cheerfully. The time is coming. Every days shows new evidence of the awakening of the American conscience, agriculturally, commercially, socially.

GO TO MERMAN'S TODAY —A SPLENDID NEW LINE OF COATS, DRESSES, FURS, BLOUSES AND MILLINERY WILL BE ON SALE.

H. C. Black, F. C. McCourt, H. E. Hill and F. M. Downing of Macomb were numbered among the business visitors in the city yesterday.

ADVERTISING SPECIALIST COMING.

Mr. W. H. Richards, of Baltimore, advertising specialist and author is making a tour of the middle west, giving an instructive lecture on modern business methods. He will visit this city in a few days.

From all reports Mr. Richards is doing good work and his original ideas on business management and modern merchandising are very helpful to both merchant and salesman. He speaks from 26 years of practical experience and has written several books which are recognized as among the best in print on the subject.

We are sure your wants can be satisfied best from our large stock. Courteous, treatment, efficient service and attention from efficient shoe fitters.

Buy your footwear where the assortments are large and reliable merchandise is the slogan.

ROUTINE BUSINESS AT COUNCIL MEETING

No Business of Importance Came Before Body at Regular Session Monday Morning—Department of Public Property Busy Moving Fire Hydrants and Boulevard Lights.

Only routine business was transacted at the regular session of the city council Monday morning. Roll call showed all members present. The clerk read the minutes of the last regular session which were approved as read.

Commissioner Vasconcellos reported the removal of a number of hydrants in the business section which were being moved back on account of the widening of the pavement in the loop dsitrict. He also reported that he was putting in concrete valve boxes wherever new paving was to be laid. Mr. Vasconcellos also reported that some of the boulevard lights were being moved and that it was difficult work as much splicing of the cables had to be done and new conduits built.

Mayor Rodgers called attention to requests for new lights in various parts of the city. Commissioner Vasconcellos said that he would be glad to place the new lights but that the city was unable to buy wire at this time.

Commissioner Cox reported that his department was making the fill in Mound avenue in preparation for the laying of the pavement on that thorofare. The commissioner complained of the poor teams that were furnished for the work and said that with good teams much better progress could be made.

Commissioner Martin reported taking one of the auto fire trucks to Arenzville to assist in the fire at that place Saturday night and Sunday morning. Mr. Martin said that the run was made without mishap and that the truck negotiated the Arenzville hill without trouble.

No further business appearing the council adjourned.

EVERY INCOMING EXPRESS BRINGS NEW GOODS TO HERMAN'S READY TO WEAR STORE, WHICH ARE NOW BEING PURCHASED BY MR. HERMAN AT REDUCED PRICES AND WILL BE SOLD VERY REASONABLE.

IMPORTANT MEETING

Representatives of the four counties, Cass, Morgan, Scott and Pike, will meet in the Y. M. C. A. Wednesday noon, Oct. 24. E. C. Wolcott of the state Y. M. C. A. staff will be present to assist in perfecting the organization of the district. We are in the 14th State District and have been apportioned not less than $35,000 to be raised Nov. 11-19 next.

The cost of construction and transporting materials to European countries, has so increased that it has raised the apportionment that had been planned for, consequently this $35,000,000 is the least amount estimated to be raised in the U. S. that will begin to put the great work over both in the home and foreign camps.

BRADLEY SWEATERS at most REASONABLE PRICES. FRANK BYRNS' Hat Store.

Miss Mamie Murphy of Franklin was a city visitor yesterday.

EVANGLIST HANLEY SPENT BUSY DAY

Addressed Three Large Gatherings Sunday—Men's Meeting Largely Attended—Song Service of Day Was Feature—Miss Robertson Talked to Women at Centenary Sunday Afternoon.

HANLEY-FISHER REVIVAL ANNOUNCEMENTS

9:30 a. m.	Neighborhood pray-meetings.
6:00 p. m.	Business college luncheon. Miss Robertson speaks to the young people on "What Can a Woman Do?"
7:30 p. m.	"Father's Night" at Grace church. Everybody is urged to attend. Dr. Hanley will speak on "The Father Who Failed."

Dr. Hanley had a busy day Sunday and his hard work is telling on him as he remarked he had been unable to sleep for three nights. In the morning he spoke at State Street Church to a good sized and deeply interested audience. He gave some thrilling experiences and made a profound impression on his audience.

The men's meeting in the afternoon was well attended by the business and other men of the city. The evangelist dwelt on the great moral problems which confront our nation, and deplored the prevalence of intemperance, gambling, immoral conduct, profanity and other popular sins. He was in earnest and pleaded with his audience to do all possible for the welfare and uplift of the people. A goodly number expressed a desire to lead a better life.

At Centenary church in the afternoon Miss Robertson made a telling address on "The Paths of Service" to a large gathering of women. Miss Berryman sang a selection entitled, "This is My Task," and gave fine satisfaction.

At the night meeting Grace church was packed to the doors and many were unable to gain admission. One gentleman remarked he had never seen so many automobiles in one bunch before while other vehicles were also about. The theme of the occasion was "The World's Greatest Dreadnaught" and the gentleman began by portraying the power of modern artillery and then proceeded to tell how fearful is the force of sin persisted in. He told vividly of the winning ways of sin in many instances and of the deadly hold of men and illustrated the danger of procrastination by a terrible incident.

A noted animal tamer had appeared many years before large audiences and finally his wife begged him to give up the hazardous business and he promised to do so after one more performance. All went well till the last number when a pet python was to coil around him and uncoil as it had done many times before. The reptile approached his master, wrapped his folds about him and then the savage instinct predominated and soon the man was a shapeless mass.

Church members were urged to do their part and a goodly number signed cards. The meeting was then dismissed to those who were obliged to go and all interested were invited to remain and many did so. A plain, earnest talk was given the audience and an urgent plea for more consecration was made. Prayer list cards were distributed the takers agreeing to pray for some definite object.

The music conducted by Mr. Fisher is grand and fully appreciated. Mrs. Barr Brown sang a solo entitled "Devotion" and Mr. Fisher sang by request, a favorite song entitled "Shadows." The trained chorus is also doing admirably and in general the meetings seem to be accomplishing great good.

We sell Waterman's Fountain pens and other reliable makes. Prices $1.50 to $5.00. Every pen guaranteed. Bassett's Jewelry Store.

SCHOOL OF INSTRUCTION

Yesterday afternoon at the library building Miss Elson Barnes held a school of instruction in the registration of women and was gratified, notwithstanding the inclement weather, to have an audience of forty six ladies. Even in Chicago they plume themselves very much when they have fifty and so when we consider the relative size of the two cities we think the ladies of Jacksonville deserve great credit. It was also gratifying to note the presence of a number of colored women, and it is the hope that all women will unite in this worthy cause. Four ladies who cannot be present registration day left their cards to be deposited on that occasion. One of them registered to be a chaplain, one a housekeeper, one a help in the canteen distributing food to the soldiers and one a social worker.

For sale—5 passenger car just overhauled, 4 new tires, very cheap. Bert Young, Illinois phone 777.

BUSINESS TALKS BY DR. HANLEY

Dr. Hanley has been requested to continue a series of business talks Wednesday, Thursday and Friday of this week. The first talk will be given from 10 to 10:30 Wednesday morning in T. M. Tomlinson's clothing store. The business and professional men who heard Dr. Hanley last Thursday evening will without doubt want to be present and hear him this time.

IN NORTONVILLE ON BUSINESS

Sheriff Grant Graff and Deputy Sheriff Ben C. Andrews were in Nortonville Monday serving official papers.

NARROWS SCHOOL HAS FINE LOCATION

Building is Supplied With Modern Heating Plant and Other Desirable Equipment—Pupils are Animated and Intelligent.

Many years ago when Morgan county was in its infancy two townships came close together. One was Sandy and the other Mauvaisterre and so closely did they lie that the strip between them was called The Narrows and so the neighborhood was known for a long time. In that vicinity a schoolhouse was built and thither a Journal reporter made his way a short time since. The school is taught by Miss Ethel O. Smith and she has the pleasure of teaching a wide-awake, interesting set of pupils. The school house is admirably located on a rising piece of ground with a reasonable sized playground about it, and a few trees altho a few more of the latter could be used to advantage. The schoolhouse is supplied with a modern heating plant and what is very gratifying, a good array of pictures of eminent men and prominent landscapes are about the walls. Pictures cannot help being instructive to pupils and when they look upon the features of Lincoln, Grant and other great men of our nation they will learn lessons of patriotism and wisdom in so doing. The schoolhouse is well supplied with maps and charts, a cabinet organ and other accessories. It is also arranged according to law, with the light coming in from the right direction.

The neighborhood is Asbury and that means a good many Hembroughs, and those families are well known in our county and are among the best citizens we have. The children of the Narrows school are bright and intelligent and after the visitor had finished talking to them he was much gratified by a number of questions with which they plied him. When children ask questions in this way it shows that they are interested in what they hear. The directors are E. R. Hembrough, R. Y. Gibson and Lester Reed, and the manner in which they have looked after the schoolhouse and the grounds shows that they are attending strictly to business.

Nearby is Diamond Grove Baptist church and it is a little sad to see it closed permanently altho Asbury church is not far away to supply the spiritual needs of the people of that vicinity. The pupils of the school are: Lynford Reynolds, Ernest Lair, Harold Hembrough, Laurence Hembrough, Delos Craig, Bernard, Tomlinson, Thomas Tomlinson, Raymond Reynolds, Clyde Hudson, Orval Cox, Rea Gibson, Robert Reed, Brenda Craig, Elizabeth Lewis, Freida Lewis, Helen Huddleston, Alma Huddleston, Pauline Coe, Lois Coe, Annis Stilwell, Elvira Towne, Mildred Reynolds and Emma Trent.

LAST YEAR'S PRICES ON FURS HERE. ALL THE NEW SHAPES IN SEPARATE NECK PIECES, MUFFS OR MATCHED SETS, IN RED, GRAY, BLACK OR TAUPE FOX, IN HUDSON SEAL, JAP KOLINSKY, WOLF, NUTRIA, MARTIN, BLENDED MINK, KITT CONEY, ETC. MUFFS AND SCARFS FROM $3.95 TO $50.00 EACH. F. J. WADDELL & CO.

SOME EXPERIENCES WITH CREDIT BUSINESS

It seems very difficult to do a retail business in Jacksonville without giving credit, as is well known, when once a man opens a set of books he is likely to make some loss. A well known house in Jacksonville was recently approached by a man who wanted to make a purchase on credit and referred the house to several others in the city and they all reported favorably and the sale was made but it transpired that the man was hardly doing the fair thing as he moved away shortly after the purchase was made.

Sometimes, too, they have pleasant experiences. An account ten years old and which they had given up for lost was recently paid, the explanation being that the purchaser couldn't pay sooner. Another account seven years old was thus received and another eight and that was very pleasant and partly helped atone for the man who went away to avoid his debts.

Underwear that fits and wears, for little and big, tall and short, found at FRANK BYRNS' Hat Store.

THE BENEFITS OF ADVERTISING

Thomas Duffner showed the Journal reporter yesterday a card indicating the benefit of advertising and the manner of doing the same. The Patrick-Duluth Woolen Mill makes a special cloth for blankets and overcoats, very heavy and absolutely waterproof. They advertise this in various publications and when they get an inquiry they post the nearest dealer to look up the prospective customer. In this way Mr. Duffner wrote to F. A. Davis of Carrollton, who came and bought a $35 overcoat. The company told Mr. Duffner that their advertisements had appeared in the following publications: Saturday Evening Post, American Boy, St. Nicholas, Field and Stream, Outing, Outers' Book, Hunter Trader Trapper, Out Door Life, National Sportsman, All Outdoors, Recreation, Vogue, Vanity Fair, Literary Digest, Youth's Companion, Motor Life, Collier's and John Martin's Book.

—of the—

Great Round Oak Three Fuel Range

12 CARDINAL FEATURES OF THIS GREAT RANGE

1–Burns coal, gas, or wood	7–Saves room in kitchen
2–One large oven for all fuels	8–Warms home in winter
3–Full size gas range	9–Assures comfort in summer
4–Full size coal range	10–Saves work—no blacking
5–Simple—easy to operate	11–Same fire box, coal or wood
6–Safe in anyone's hands	12–Costs less than two ranges

With the ROUND OAK Three Fuel Range there are NO LEVERS TO TURN—No PARTS TO REMOVE—BURNS ALL FUELS. -:-

Consider the reasons why, in the building of this range it requires inventive genius to construct it so there will be no levers to turn, plates to remove, or mechanism to get out of order, and yet do the work that all of these complicated parts used to do.

These improvements are patented; that is why this range is a distinctive specialty. That is why it is superior to all others. It burns coal or gas either separately or together. It is a complete coal range and a complete gas range all in one. We want to tell you about all of these conveniences and demonstrate them to you. When you call, be sure to ask for the Boiler-Iron Chief 3-Fuel Book. It's FREE.

Don't forget Dates of Demonstration, Wednesday, Oct. 24 to 27.
